Relative to the reclamation of arable land in the Lower Klamath Lake and Tule Lake areas

WHEREAS, The Legislature of the State of California by Chapter 6 of the 1905 Statutes authorized the United States to lower the water levels of the Lower Klamath Lake, Tule Lake, Goose Lake, and Clear Lake for the purpose of aiding in the operation of irrigation and reclamation under the Federal Reclamation Law, and also ceded to the United States any lands uncovered thereby to be used or disposed of by the United States for the same purposes; and

WHEREAS, The President of the United States in 1908 set aside and reserved all islands situated in Lower Klamath Lake and marsh and swamp lands unsuitable for agricultural purposes as a wild fowl refuge, known as the Klamath Lake Reservation; and

WHEREAS, Those lands have been used for many years as a place for fall and winter refuge for migratory birds; and

WHEREAS, There is much land in the Lower Klamath Lake and Tule Lake areas which are susceptible of reclamation and which by means of irrigation can be turned into a rich and productive agricultural area, and, in fact, much land in that area has been homesteaded and developed by both private initiative and industry and by a federal reclamation project into rich thriving communities; and

WHEREAS, On January 9, 1953, the United States Secretary of the Interior by directive withdrew from homestead entry approximately 7,500 acres of some of the potentially richest agricultural land in California and transferred future control and operation of these lands to the Fish and Wildlife Service, thereby completely subordinating the use of such lands to wild life purposes; and

WHEREAS, The withdrawal of these potentially arable lands from agricultural settlement is a contravention not only of the spirit but also of the words of the grant by the State of California to the United States; and

WHEREAS, The United States presently has more than a sufficiency of land for wild fowl preservation purposes if it is efficiently managed; now, therefore, be it

*Resolved by the Senate of the State of California*, That the Senate of the State of California respectfully memorializes the Secretary of the Interior to set aside and rescind the directive of January 9, 1953, which affects potentially highly productive arable lands in Siskiyou and Modoc Counties, California, and reserves such lands for fish and game purposes; and be it further

*Resolved*, That the Secretary of the Senate is directed to transmit copies of this resolution to the Secretary of the Interior of the United States, and to each Senator and Representative in the Congress of the United States from the State of California.

### PROGRESS REPORT OF THE SECRETARY OF THE SENATE

SENATE, CALIFORNIA LEGISLATURE  
April 21, 1953

*Hon. Harold J. Powers*  
*President Pro Tempore*  
*State Senate*

DEAR SENATOR POWERS: The Histories of the Senate and Assembly indicate that on the conclusion of business yesterday, Monday, April 20, 1953, the Legislature had finally disposed of 208 Senate measures and 386 Assembly measures, a total of 594 measures disposed of to date.

Yesterday was the 69th Calendar Day, leaving us 37 days in which to legislate if we do not meet on Saturdays and Sundays. Assuming that we will pass the same number of bills this session that we did last session, we have 1,532 measures remaining to be acted upon. Dividing this number by 37 indicates that we should call an average of 42 rolls per day upon the passage of Senate and Assembly measures.

Records of the past five regular sessions reveal the fact that of the Senate bills which pass the Senate and go to the Assembly 15 percent are amended in that body. Each bill so amended requires another roll call to concur in the amendments or possibly two roll calls if the amendments are not concurred in and the second roll call is necessary to accept or refuse a conference committee report; in addition to which, further roll calls are necessary in the matter of adopting urgency clauses and concurring in Assembly amendments wherein an urgency clause has been added by amendment. From the above, it is apparent that we should expect to experience an average of 45 or 46 roll calls per day for the next 37 days to complete the business of the session.

Respectfully submitted,

J. A. BEEK  
Secretary of the Senate

"SECTION 1. Section 220 is added to the Civil Code, to read:

220. As used in this chapter:

(a) "Independent adoption" means that procedure whereby a child is placed for adoption through the independent action of his parent or parents followed by the parents' conditional relinquishment of the child to a licensed public adoption agency.

(b) "Agency adoption" means that procedure whereby a licensed adoption agency places a child for adoption and joins in the petition for adoption. Adoption through this means differs from an independent adoption in that the natural parents have relinquished their rights to the child to the agency without qualification.

(c) "Relinquishment" means a statement in writing on a form prescribed by the Department of Social Welfare, signed by the natural parent that he relinquishes his rights over and delegates his responsibilities to the child to a specified licensed adoption agency for placement for adoption. Such form shall be filed with the clerk of the superior court in the county of the petitioner's residence.

(d) "Conditional relinquishment" means a statement in writing, signed by the natural parent after a child has been placed for adoption through the independent action of such parent, on a form prescribed by the Department of Social Welfare, that, in the event the placement so made is found unsuitable by the court, he relinquishes the child to a specified licensed public adoption agency for placement for adoption, and consents to the future adoption of the child by persons found suitable by the court. Such form shall be filed with the clerk of the superior court of the county of the petitioner's residence.

SEC. 2. Section 224n is added to said code, to read:

224n. Within ten (10) days after a child has been placed for adoption through the independent action of his parent or parents, the parent or parents of the child shall conditionally relinquish their rights to the child to a licensed public adoption agency by a written statement signed before two subscribing witnesses and acknowledged before an authorized official of an organization licensed by the State Department of Social Welfare to find homes for children and place children in homes for adoption. This conditional relinquishment shall be in effect on the date it is signed by the natural parent or parents.

The licensed public adoption agency shall accept the conditional relinquishment and, in the event that such placement is found unsuitable by the court, shall place such child for adoption.

SEC. 3. Section 224 of said code is amended to read:

224. A legitimate child cannot be adopted without the [consent of] *execution of a relinquishment or conditional relinquishment* by its parents if living; however, after the custody of any child has by any judicial decree, been given to the mother, and the father for a period of one year shall wilfully fail to pay for the care, support and education of such child when able to do so, then the mother alone may [consent to such adoption] *execute such relinquishment or conditional relinquishment*, but only after the father has been personally served with a copy of a citation requiring him to appear at the time and place set for the appearance in court under Section 227 of this code; if the father cannot be located for personal service, the same may be made by publication as provided for the publication of summons in Section 413 of the Code of Civil Procedure; nor an illegitimate child without the [consent of] *execution of a relinquishment or conditional relinquishment* by its mother if living; except that the [consent] *conditional relinquishment* of a father or mother is not necessary in the following cases:

1. When such father or mother has been judicially deprived of the custody and control of such child (a) by order of the juvenile court, declaring such child to be

free from the custody and control of either or both of his parents as provided in the Welfare and Institutions Code, adopted May 25, 1937, or any act or acts superseding or amending the same, or (b) by similar order of a court of another jurisdiction, pursuant to any law of that jurisdiction authorizing such order; or when such father or mother has, in a judicial proceeding in another jurisdiction, voluntarily surrendered his right to the custody and control of such child pursuant to any law of that jurisdiction providing for such surrender.

2. Where such father or mother of any child has deserted the child without provision for its identification.

3. [Where such father or mother of any child has relinquished said child for adoption as provided in Section 224m of this code; or] Where such father or mother has relinquished said child for adoption to a licensed or authorized child placing agency in another jurisdiction pursuant to the law of that jurisdiction.

SEC. 4. Section 225s is added to said code, to read:

225s. Each licensed county adoption agency shall investigate and report on independent adoptive placements in its own county and such other counties in the general area of the licensed agency as the State Social Welfare Board shall determine as conducive to effective adoption administration and the State shall reimburse the licensed public adoption agencies for all administrative and operating costs related thereto.

SEC. 5. Section 226 of said code is amended to read:

226. Any person desiring to adopt a child may for that purpose petition the superior court of the county in which the petitioner resides [and]. *Any person desiring to adopt a child and with whom a child has been placed for adoption without the placement assistance of a licensed adoption agency shall, for that purpose, petition the superior court of the county in which the petitioner resides within thirty days after the child has been placed in the home of the petitioner.* The clerk of the court shall immediately notify the State Department of Social Welfare at Sacramento in writing of the pendency of the action and of any subsequent action taken.

[In all cases in which consent is required, except in the case of an adoption by a stepparent where one natural or adoptive parent retains his or her custody and control of the child, unless an agency licensed by the State Department of Social Welfare to find homes for children and place children in homes for adoption joins in the petition for adoption, the consent of the natural parent or parents to the adoption by the petitioners must be signed in the presence of an agent of the State Department of Social Welfare or of a licensed county adoption agency on a form prescribed by such department and filed with the clerk of the superior court, in the county of the petitioner's residence.

Such consent, when reciting that the person giving it is entitled to the sole custody of the minor child, shall, when duly acknowledged before such agent, be prima facie evidence of the right of the person making it to the sole custody of the child and such person's sole right to consent.

In all cases of adoption in which no agency licensed to place children for adoption is a party, except in the case of an adoption by a stepparent where one natural or adoptive parent retains his or her custody and control of the said child, it shall be the duty of the Department of Social Welfare or of the licensed county adoption agency to accept the consent of the natural parents to the adoption of the child by the petitioners and to ascertain whether the child is a proper subject for adoption and whether the proposed home is suitable for the child, prior to filing report with the court.]

In all cases in which the conditional relinquishment of the natural parent or parents is not necessary [and an agency licensed to place children for adoption is not a party to the petition, the State Department of Social Welfare or] the licensed county adoption agency shall, prior to the hearing of the petition, file its consent to the adoption with the clerk of the superior court of the county in which the petition is filed. Such consent shall not be given by the [Department of Social Welfare or the] licensed county adoption agency unless the child's welfare will be promoted by the adoption.

*In independent adoptions [Except in the case of the adoption of a child by a stepparent where one natural or adoptive parent retains his or her custody and control of the child,] it shall be the duty of the [Department of Social Welfare or of the] licensed county adoption agency to investigate the placement made through the independent action of the parent or parents to ascertain whether the child is a proper subject for adoption and whether the proposed home is suitable for the child and to submit to the court a full report of the facts disclosed by its inquiry with a recommendation regarding the granting of the petition within 180 days after the filing of the petition; provided, however, that the court may allow such additional time for the filing of said report as in its discretion it may see fit. [The report required of the Department of Social Welfare or of the licensed county adoption agency may be waived by the department in all cases in which an agency, licensed by the Department of Social Welfare to place children in homes for adoption, is a party or joins in the petition for adoption. Such waiver may be issued by the department at any time, either before or after the filing of the petition for adoption.]*

Whenever any report or findings are submitted to the court by the [Department of Social Welfare or by] a licensed county adoption agency under any provision of this section, a copy of such report or findings, whether favorable or unfavorable, shall be given to the attorney for the petitioner in the proceedings, if the petitioner has an attorney of record [s], or to the petitioner.

If the findings of the [State Department of Social Welfare or the] *licensed* county adoption agency are that the home of the petitioners is not suitable for the child and it recommends that the petition be denied, the county clerk upon receipt of the report of the [State Department of Social Welfare or the] county adoption agency shall immediately refer it to the superior court for [review] *hearing*.

In case of an adoption of a child by a stepparent where one natural or adoptive parent retains his or her custody and control of said child, the consent of either or both parents must be signed in the presence of a county clerk or probation officer of any county in this State on a form prescribed by the State Department of Social Welfare and the county clerk or probation officer before whom such consent is signed shall immediately file said consent with the clerk of the superior court of the county where the petition is filed and said clerk shall immediately file a certified copy of such consent to adoption with the State Department of Social Welfare. *No conditional relinquishment is necessary where the adoption is by a stepparent and one natural parent retains custody and control of the child.*

If the father or mother of a child to be adopted is outside the State of California at the time of signing [consent, his or her consent] a *conditional relinquishment*, such *conditional relinquishment* may be signed before a notary or other person authorized to perform notarial acts [, and in such case the consent of the Department of Social Welfare or of a licensed county adoption agency will also be necessary, but such consent shall not be necessary where the adoption is by a stepparent and one natural parent retains custody and control of the child].

A parent who is a minor shall have the right to sign a [consent] *conditional relinquishment* for the adoption of his or her child and such [consent] *conditional relinquishment* shall not be subject to revocation [upon such parent reaching his or her majority] *by reason of such minority*.

If for a period of 180 days from the date of filing the petition, or upon the expiration of any extension of said period granted by the court, [the Department of Social Welfare or] the licensed county adoption agency fails or refuses to accept the [consent] *conditional relinquishment* of the natural parent or parents [to the adoption, or if said department or agency fails or refuses to file or to give its consent to an adoption in those cases where its consent is required by this chapter,] either the natural parent or parents or the petitioner may appeal from such failure or refusal to the superior court of the county in which the petition is filed, in which event the clerk shall immediately notify the [Department of Social Welfare] *licensed county adoption agency* of such appeal and the [department or] agency shall within 10 days file a report of its findings and the reasons for its failure or refusal [to consent to the adoption or] to accept the *conditional relinquishment* [consent of the natural parent]. After the filing of said findings, the court may, if it deems that the welfare of the child will be promoted by said adoption, allow the signing of the [consent] *conditional relinquishment* by the natural parent or parents, [in open court,] or [if the appeal be from the refusal of said department or agency to consent thereto,] grant the petition without such [consent] *conditional relinquishment*.

SEC. 6. Section 226a of said code is amended to read:

226a. Once given, [consent of the natural parents to the adoption of the child by the person or persons to whose adoption of the child the consent was given,] *the conditional relinquishment* may not be withdrawn except with court approval and *the mutual agreement of the natural parent and the petitioner*. Request for such approval may be made by motion, or a natural parent seeking to withdraw such [consent] *conditional relinquishment* may file with the clerk of the superior court where the petition is pending, a petition for approval of withdrawal thereof, without the necessity of payment of any fee for the filing of such petition. The petition shall be in writing, and shall set forth the reasons for withdrawal or [consent] *the conditional relinquishment*, but otherwise may be in any form.

The clerk of the court shall set the matter for hearing, and shall give notice thereof to the [State Department of Social Welfare, to the persons to whose adoption of the child the consent was given] *the licensed adoption agency, the prospective adoptive parents, and to the natural parent or parents*, in the manner provided in Section 1200 of the Probate Code.

The [State Department of Social Welfare or the] licensed county adoption agency shall, prior to the hearing of the motion or petition for withdrawal, file a full report with the court and shall appear at the hearing to represent the interests of the child.

At the hearing, the parties may appear in person or with counsel. The hearing shall be held in chambers, but the court reporter shall report the proceedings and his fee therefor shall be paid from the county treasury on order of the court. If the court

finds that withdrawal of the [consent to adoption] *conditional relinquishment* is reasonable in view of all the circumstances, and that withdrawal of the [consent] *conditional relinquishment* will be for the best interests of the child, the court shall approve the withdrawal of the [consent] *conditional relinquishment*; otherwise the court shall withhold its approval. If the court approves the withdrawal of [consent] *conditional relinquishment*, the adoption proceeding shall be dismissed.

Any order of the court granting or withholding approval of a withdrawal of a [consent to an adoption] *conditional relinquishment* may be appealed from in the same manner as an order of the juvenile court declaring any person to be a ward of the juvenile court.

SEC. 7. Section 226b of said code is amended to read:

226b. Whenever, in any adoption proceeding, the petitioners desire to withdraw the petition for the adoption or to dismiss the proceeding, the clerk of the court in which the proceeding is pending shall immediately notify the [State Department of Social Welfare] *proper licensed adoption agency* of such action. [The State Department of Social Welfare or] The licensed county adoption agency shall file a full report with the court recommending a suitable plan for the child in every such case or where the [department or] county agency recommends that the petition for adoption be denied and shall appear before the court for the purpose of representing the child. Notwithstanding such withdrawal or dismissal by the petitioners, the court may retain jurisdiction over the child for the purpose of making such order or orders for its custody as the court may deem to be in the best interests of the child.

[This section shall not apply to any adoption proceeding in which the reason or cause for the withdrawal of the petition or dismissal of the proceeding is the withdrawal of the consent of the natural parent or parents.]

SEC. 8. This act shall take effect on July 1, 1954."

(a) Every academic teaching and administrative employee so appointed shall be appointed for an academic year. Temporary academic employees may be appointed for a shorter period but all such temporary appointments shall terminate not later than the close of the academic year in which appointed. 20395. The Director of Education shall adopt rules prescribing the form, time and method of notice of separation to any probationary nonacademic employee, or notice of intention not to recommend reappointment of an academic teaching and administrative employee for the succeeding year to any such employee not having permanent status.

20396.2. Any employee dismissed, suspended, or demoted for cause may request a hearing by the State Personnel Board by filing such a request, in writing, with the Board within 30 days of being served with the notice. The request may be on the grounds that the required procedure was not followed; that there is no grounds for dismissal, suspension, or demotion; that the penalty is excessive, unreasonable, or discriminatory; or that the employee did not do the acts or omissions alleged as the events or transactions upon which the causes are based; that the acts or omissions alleged as the events or transactions upon which the causes are based were justified. The State Personnel Board shall hold a hearing, following the same procedure as in state civil service proceedings and shall render a decision affirming, modifying or revoking the action taken. In a hearing the burden of proof shall be on the party taking the dismissal action.

20396.3. In the event the dismissal, suspension or demotion is revoked or modified by the State Personnel Board, the employee shall be restored to his position in accord with the said decision, and shall be paid back salary equal to that which the employee would have earned if continuously employed in accord with the decision.

20397. The director shall adopt regulations for determination of the order in which employees shall be laid off for lack of funds or because of lack of work. To the extent the director shall deem practical such regulations shall provide for layoff in the inverse order of employment.

The director shall adopt rules governing the re-employment of employees laid off, pursuant to this section. To the extent the director deems practical, such regulations shall include provision that for a period of five years following layoff, an employee shall have a preferential right to re-employment in the same or a comparable position at the college, in the event of a vacancy. This preferential right shall give the employee laid off the right to re-employment in a position comparable to that from which he was laid off over any person not employed at the college at the time the particular employee was laid off.

The director, in adopting regulations under this section shall proceed in accord with the provisions of Chapter 4, Part 1, Division 3, Title 2 of the Government Code.

20398. A permanent employee may transfer from one college to another college with the consent of the presidents of the colleges and the approval of the director. A permanent employee so transferred shall have all rights and privileges as though he had at all times served at the state college to which transferred. No new probationary period shall be required unless it would have been required under provisions of this article had the employee remained at the state college from which transferred.

20398.1. A permanent employee may, with his consent and the approval of the president of the college and the director, be employed at less than full time and retain permanent status; provided seniority credit and any other credit shall be gained only in the proportion the actual time employed is to full time employment in the position.

20399. Those employees now having rights to automatic reappointment from year to year shall, on the effective date of this bill, be permanent employees in appropriate groups, pursuant to this article. Employees not having an automatic right to reappointment shall be affected as follows:

(a) Academic teaching and administrative employees shall receive credit toward permanent employment for all full time thus far served.

(b) Nonacademic employees who have served less than one year shall become permanent on completion of one year of service from date of appointment, but in no case at an earlier date than 60 days after the effective date of this bill. Nonacademic employees who have served more than one year, but less than three years, shall become permanent if retained in employment for 60 days following the effective date of this bill.

20399.1. Nothing in this article shall be deemed to preclude the employment of an employee on a temporary, full or part time basis for a period of less than one year, or appointment of student assistants, instructors for extension service, and members of the teaching staff of a state college summer session and officers and employees of each such session who shall be appointed by the Director of Education upon the recommendation of the president of the college; providing however, that a nonacademic employee given temporary appointment and who serves more than one year shall be considered, for the purposes of this article, a permanent employee."

15801. No public building shall be acquired or constructed under this part, unless authorized by a separate act or appropriation enacted by the Legislature.

15802. The following terms whenever used in this part have the meanings given in this section except where the context clearly indicates otherwise:

15803. This part provides an additional and alternative method for doing the things authorized herein and shall be regarded as supplemental and additional to powers conferred by other laws and shall not be regarded as in derogation of any powers now existing.

#### CHAPTER 2. ADMINISTRATION AND GENERAL POWERS

15805. There is hereby created a State Building Board. The members of the board are the Director of Public Works, Secretary of State and Superintendent of Banks.

The members of the board are entitled to no compensation for their services as members, but shall be reimbursed for all necessary expenses incurred in connection with the performance of their duties as members.

15806. Within 90 days after the effective date of this part the board shall meet and organize.

At the first meeting of the board, and at the first regular meeting in each year thereafter, the board shall elect from its number a president and secretary.

Two members shall constitute a quorum.

The board shall administer the provisions of this part. All action shall be taken by a vote of a majority of the members of the board.

15807. The acquisition by the board of any property is subject to the approval of the Department of Finance. The board shall contract with the Department of Finance for the maintenance and repair of all public buildings constructed, acquired, or operated by the board, when the Department of Finance elects to furnish maintenance and repair, such maintenance and repair to include the items of maintenance and repair customarily supplied or afforded to other state buildings by the Department of Finance.

15808. The board shall fix and determine the number of officers, agents and employees of the board, and their respective compensation and duties.

15809. When authorized by a separate act or appropriation enacted by the Legislature, the board may acquire and construct for use by state agencies public buildings.

15810. The board may:

(a) Acquire in the name of the State of California, and use any property, real, personal, or mixed, tangible or intangible, or any interest therein necessary or desirable for carrying out the purposes of this part, and lease as lessors, with the approval of the Department of Finance, any property or any interest therein at any time acquired by it to state agencies, or in the event of default upon any certificates to other than state agencies.

(b) Construct public buildings.

(c) Contract with other state agencies for the use of real property owned by the State, upon which to construct a public building.

(d) Fix, alter, charge, and collect rentals and other charges for the use of public buildings, or for the services rendered by, the board, at reasonable rates to be determined by the board for the purpose of providing for the payment of the expenses of the board, not provided for by state appropriations or otherwise, operation of its public buildings, and the payment of the principal of and interest on its certificates.

(e) Make contracts of every kind and nature, and execute all instruments necessary or convenient for the carrying on of its business.

(f) Obtain insurance against loss by fire or other hazards on public buildings, both during and after construction, for the protection of the certificate holders.

(g) Issue certificates, as provided in this part, to obtain funds to pay the cost of public buildings, secure the payment of certificates and interest thereon by pledging all or part of its revenues, rentals, and receipts, and provide for the security of the certificates and the rights of the holders thereof.

15811. The board has no power at any time or in any manner to pledge the credit or taxing power of the State or any of its local agencies.

#### CHAPTER 3. CONSTRUCTION AND LEASING OF PUBLIC BUILDINGS

15815. The plans and specifications of any public building constructed pursuant to this part shall be prepared by the Division of Architecture and the board shall reimburse the division for the costs of such services from the funds available for the purpose. Any public building constructed under the provisions of this part shall be constructed in accordance with the provisions of the State Contract Act.

15816. When any public building has been acquired or constructed by the board, and the revenues, rentals, or receipts from the operation of such public building are no longer required or pledged for the payment of principal or interest on any of the certificates of the board undertaken under this part, the board shall forthwith notify

the Department of Finance of that fact, and thereafter such public building shall be under the jurisdiction of, and operated and maintained by, the Department of Finance.

If at any time funds are available by law to retire any certificates issued to defray the cost of any public building, such funds shall be applied to the redemption of certificates secured by the rentals and revenues from said public building.

15817. Any state agency, with the approval of the Department of Finance, may lease, as lessee, any public building constructed by the board for a term not exceeding 20 years from the date of occupancy at such rentals as are determined by the board.

15818. The revenues, rentals, or receipts from all public buildings authorized under this part at any one session of the Legislature, after deducting the cost of maintaining such public buildings, are hereby pledged to the payment of the principal of, and interest on, the certificates issued to finance the construction of all such public buildings. The certificates issued to finance the public buildings authorized at one session shall be equally secured by a lien upon the revenues, rentals, or receipts pledged to secure them without priority for number, date of certificates, of sale, of execution, or of delivery pursuant to this part.

#### CHAPTER 4. CERTIFICATES

15821. Certificates issued pursuant to this part are not negotiable instruments but are transferable between state agencies having jurisdiction over special or trust funds.

15822. The certificates shall be authorized by resolutions of the board, and shall bear such dates, mature at such time or times not exceeding 25 years from their respective dates, bear interest at such rate or rates agreed upon between the board and the investing agency with the approval of the Department of Finance, not exceeding 6 percent per year, payable semiannually, be in such denominations and in such form, be payable in such medium of payment and at such place or places, and subject to such terms of redemption at such prices not exceeding 105 percent of the principal amount as the resolutions provide.

The certificates shall bear the signatures of the president and secretary of the board. Only one of the signatures required by this section need be a manual signature and all other signatures may be either originals or facsimiles thereof.

15823. The certificates shall be sold at their face value to state agencies having jurisdiction over special or trust funds, without advertisement or competitive bidding. Such certificates are a legal investment for any state special or trust fund. Payment of the purchase price may be made in accordance with mutual agreement between the state agency and the board.

15824. Any resolutions authorizing any certificates may contain provisions which are part of the contract with the state agency as to:

(a) Pledging all or any of the revenues, rentals, or receipts of the authority from specific properties.

(b) The construction or acquisition of any public building and the duties of the board with reference thereto.

(c) The terms and provisions of the certificates.

(d) Limitations on the purposes to which the proceeds of the certificates, then or thereafter to be issued.

(g) Limitations on the issuance of additional certificates.

(h) Any other agreements with the certificate holders.

15825. The board may provide, by resolution, for the issuance of refunding certificates for the purpose of refunding any certificates of the board issued pursuant to this part and then outstanding, either by voluntary exchange with the holders of the outstanding certificates, or to provide funds to redeem and retire the outstanding certificates, with accrued interest and any redemption value payable on any call date. The issuance of the refunding certificates, the maturities and other details of the certificates, the rights of the certificate holders, and the duties of the board in respect to the certificates, are governed by the provisions of this part insofar as they are applicable. Refunding certificates may be issued by the board to refund certificates originally issued or to refund certificates of the board previously issued for refunding purposes.

15826. The State Treasurer shall act as trustee for the board and the holders of the certificates issued under this part, and the board may authorize the trustee to act on behalf of the holders of the certificates, or any stated percentage thereof, and to exercise and prosecute on behalf of the holders of the certificates such rights and remedies as may be available to the holders.

The board shall, by resolution, prescribe the duties and powers of such trustee with respect to the issuance, authentication, sale, and delivery of the certificates, and the payment of principal and interest thereof, the redemption of the certificates, and the management, exclusive of the investment or reinvestment thereof, of any sinking fund or other funds provided as security for the certificates.

15827. The rights and remedies conferred by this part upon or granted to certificate holders are in addition to and not in limitation of any rights and remedies lawfully granted to such certificate holders by the resolutions providing for the issuance of certificates.

If the board defaults in the payment of principal or interest on any of the certificates after such principal or interest becomes due, whether at maturity or upon call for redemption, and if such default continues for a period of 90 days, or if the board fails or refuses to comply with the provisions of this part or defaults in any agreement made with the certificate holders, the holder of any certificate may:

(a) By proper proceedings and actions enforce all rights of the certificate holders, including the right to require the board to collect rates, rentals and other charges adequate to carry out any agreement as to the revenues, to lease public buildings to state agencies or otherwise, or the pledge of the revenues or receipts of the board, and require the board to carry out any other agreements with or for the benefit of the certificate holders, and to perform its duties under this part.

(b) Bring suit upon the certificates.

(c) By an action require the board to account as if it were the trustee of an express trust for the certificate holders.

(d) By an action enjoin any acts or things which may be unlawful or in violation of the certificate holders' rights.

#### CHAPTER 5. FISCAL PROVISIONS

15830. All money received by the board from whatever source derived, shall be transmitted by the board at least once in every calendar month to the State Treasurer, and shall be deposited in the State Treasury to the credit of the Public Buildings Construction Fund, which fund is hereby created and is appropriated for the purpose hereinafter provided. There shall be maintained within the fund three separate accounts for each series of certificates covering all the public buildings authorized, under this part, at any one session of the Legislature:

(a) A construction account

(b) A revenue account

(c) A sinking fund account.

There shall be deposited to the credit of the respective series in the construction account the proceeds from the sale of each series of certificates authorized under the provisions of this part. The money in each such account shall be expended, for the purposes authorized by this part, or as provided in the resolution, for the acquisition and construction of the public buildings, and in addition, for the payment of all costs and expenses of, and incident to, the issuance and sale of certificates, and the payment of interest due or to become due on the certificates during the period of actual construction, and for such further period as may be specified in the resolution for the issuance of the certificates, not exceeding six months after the period of construction.

There shall be deposited to the credit of the respective series in the revenue account all revenues, rentals, or receipts received from the operation of each series of public buildings acquired, constructed, or operated by the board under the provisions of this part, and all other money received by the board from whatever source derived, the disposition of which is not otherwise provided by this part.

The money in each revenue account shall be expended for the payment of the costs of operation and maintenance of the public buildings authorized by this part, including administrative expenses of the board, and for such other purposes as may be provided in the resolution, and such other restrictions provided by law, or the resolution, for such purposes as may be authorized by said resolution.

All money in each revenue account, except that part required to pay the costs of operating the board, as provided for in the resolution authorizing the issuance of the certificates, shall be set aside at regular intervals as provided in the resolution in separate sinking fund accounts for each series of certificates, which are pledged to and charged with the payment of:

(a) The interest upon such certificates as the interest falls due

(b) The principal of the certificates as it falls due.

(c) Any redemption value upon certificates retired by call.

The use and disposition of the sinking fund account is subject to the regulations provided in the resolution. Each separate sinking fund account is an account for the benefit of each of the respective series of the certificates issued, without distinction or priority of one over another, except as to series. Subject to the provisions of the resolution, any money in the sinking fund account of each series in excess of the amount equal to one year's interest on all certificates of that series then outstanding may be applied to the purchase or redemption of certificates of such series. All certificates purchased or redeemed shall be canceled and shall not be issued again.

15831. The board may provide in the resolution for the allocation of financial and administrative costs of the board during the period of actual construction, and for such further period as may be specified in the resolution for the issuance of the certificates, not exceeding two years, between the money in each construction account and the money in each revenue account.

15832. Subject to the obligations of the board to its certificate holders, the Department of Finance is authorized to invest and reinvest surplus moneys in any of the

accounts in the Public Buildings Construction Fund, in bonds or other obligations of the United States, or those for which the full faith and credit of the United States are pledged for the payment of principal and interest, or of the State of California, or of the several counties or municipalities or other political subdivisions of the State of California, and to sell such bonds, or obligations, or any of them, upon direction of the board. All securities or other investments made under the provisions of this part shall be held by the State Treasurer as custodian thereof.

All interest received or other earnings derived from such investments shall be collected by the State Treasurer, and shall be deposited in the State Treasury to the credit of the account in the fund from which such interest or other earnings were derived.

Expenses incurred by the State Treasurer in taking and making delivery of bonds or other securities purchased as investments from such surplus money in the fund may be paid from the fund."

**MESSAGES FROM THE GOVERNOR**

SACRAMENTO, April 27, 1953

*To the Senate of the State of California  
Sacramento, California*

GENTLEMEN: I am transmitting to you herewith a copy of a message with reference to S.B. 789, entitled: "An act to amend Section 581 of the Code of Civil Procedure, relating to dismissal of actions."

This bill, with my message relative thereto, I (through my Legislative Secretary) delivered to Jess R. Dorsey, Member of the Senate, at 5 o'clock p.m. on the 24th day of April, 1953, at which time your honorable body had adjourned for the day but not for the session.

Respectfully submitted,

EARL WARREN, Governor

Message read, and ordered printed in the Journal.

STATE OF CALIFORNIA, GOVERNOR'S OFFICE

SACRAMENTO, April 24, 1953

*To the Honorable Members of the Senate  
State of California  
Sacramento, California*

GREETINGS: I am returning herewith, without my signature,

**Senate Bill No. 789**, entitled: "An act to amend Section 581 of the Code of Civil Procedure, relating to dismissal of actions."

My objections to this bill are as follows:

The bill amends Section 581 of the Code of Civil Procedure relating to the dismissal of civil actions. It is directed against practices permitted by and to some extent at least in vogue under the Federal Employers' Liability Act. Venue as established by federal law in cases involving injury to interstate railway employees incurred in the course of their employment is determined as follows:

"Under this chapter an action may be brought in a district court of the United States, in the district of the residence of the defendant, or in which the cause of action arose, or in which the defendant shall be doing business at the time of commencing such action. The jurisdiction of the courts of the United States under this chapter shall be concurrent with that of the courts of the several states, and no case arising under this chapter and brought in any state court of competent jurisdiction shall be removed to any court of the United States."

Under this rule, cases have been filed in our state courts where neither the residence of the plaintiff, his employment nor the cause of action are in this State. The purpose of this bill is to give our state courts the power to dismiss actions under the Federal Employers' Liability Act when it is shown that the cause of action did not arise within this State and that a court of this State is not a convenient forum for the parties and witnesses and that the dismissal of the action will serve the interests of justice. The serious question about this bill is that it goes beyond the necessities of preventing what is claimed to be at times an imposition on our courts by requiring them to take jurisdiction of lawsuits wherein neither the plaintiff nor his place of employment nor his cause of action are in the State of California. It goes to the extent of depriving the railway workers of the absolute right which they now have to invoke the jurisdiction of the courts of this State when their residence is in California and their employment occurs in this State.

To the extent that the bill would accomplish this purpose, it seems to me that it is both unwise and contrary to the well-established policy of the State. Railroad workers do not come within the jurisdiction of our Workmen's Compensation Act which gives every employee included thereunder the right to compensation through the Industrial Accident Commission of California regardless of where the injury occurs and regardless of whether the employer is guilty of negligence. Section 5305 of the Labor Code provides:

"The Commission has jurisdiction over all controversies arising out of injuries suffered without the territorial limits of this State in those cases where the injured employee is a resident of this state at the time of the injury and the contract of hire was made in this state \* \* \*."

Because of the interstate character of the railroad industry and its importance to the life of the country, Congress enacted the Federal Employers' Liability Act in 1908 to provide a uniform relationship between the railroads and their employees throughout the country and to guarantee certain rights of action to the employees. These employees do not have a commission before whom they can assert their rights when injured; they are relegated to lawsuits in either the federal or the state courts and must prove negligence. This litigation is always expensive and the further away from home it is conducted, the more expensive and burdensome it becomes. Therefore if a railroad worker may be required to bring his lawsuit in a place other than the state of his residence and state of his employment, it could be an excessive burden upon him. But to my mind the most serious injury that he would suffer is that he would be deprived of his absolute right to legal redress in the courts of his own state where under our laws other workmen in the state are accorded that right.

I do not infer that our courts would be unjust in determining whether a California employee must file his lawsuit in another state, but there is a difference between having a right depending entirely on the discretion of any tribunal from that of every other workman having an absolute right to redress at home. If we are to whittle away in this manner at benefits conferred by Federal Employers' Liability Act, it would soon lose its national uniformity and could at least substantially weaken the purposes for which the Act was originally designed. I am not advised that other states have enacted such legislation. The fact that this act has been in effect since 1908 without similar legislation being enacted in other states would indicate a nationwide appreciation of the desirability for this uniformity. At all events if any of the provisions of the

act result in a denial of justice to either plaintiffs or defendants, the situation could be remedied nationwide by a simple act of Congress.

Respectfully submitted,

EARL WARREN, Governor

Message read.

Senator Abshire regarding appropriation of water printed in the Journal:

### OPINION OF THE LEGISLATIVE COUNSEL

STATE OF CALIFORNIA, OFFICE OF LEGISLATIVE COUNSEL

SACRAMENTO, April 23, 1953

*Honorable F. Presley Abshire*  
*Senate Chamber*

#### *Appropriation of Water—No. 8963*

DEAR SENATOR ABSHIRE:

#### *Question*

You have asked if enactment of S.B. 1653, as amended in Senate April 1, 1953, will permit the deprivation of counties of origin of water needed for their development.

#### *Opinion*

We do not believe that enactment of the bill would have that effect.

#### *Analysis*

S.B. 1653, as amended in Senate April 1, 1953, would amend Part 2 of Division 6 of the Water Code by amending Section 10500 and repealing Sections 10501, 10502, and 10503 relating to the establishment of priorities for appropriations of water, applications for which were filed by the Department of Finance, "which in its judgment, is or may be required in the development and completion of the whole or any part of a general or coordinated plan looking toward the development, utilization, or conservation of the water resources of the State."

Part 2 of Division 6 of the Water Code now provides for the establishment of priorities through publication of an intent to file applications (Sec. 10502, Wat. C.). Priorities are maintained until October 1, 1955 (Secs. 10501 and 10503, Wat. C.) and provision is also made for the release from priority or the assignment of the appropriations (Sec. 10504, Wat. C.). However, Section 10505 precludes the release or assignment of any appropriation which, in the judgment of the Department of Finance, will deprive the county in which the appropriate water originates, of any water necessary for the development of the county.

Generally speaking, S. B. 1653 would amend Part 2 of Division 6 to require that applications filed thereunder be filed pursuant to the provisions of the Water Code governing the appropriation of water (Part 2 of Division 2) and the rules and regulations of the State Engineer. The requirements of diligence would not apply to such applications until assigned. The provisions for the establishment of priorities by publication of declaration of notice of intent would be deleted.

The proposed amendment would not amend the provisions providing for the release or assignment of the applications by the Department of Finance, nor the prohibition against releasing or assigning appropriations for water necessary for the development of the county of origin. Consequently, those provisions would be applicable to the applications of the Department of Finance under Part 2 of Division 6, whether or not it is amended through the enactment of S. B. 1653.

It follows that enactment of S. B. 1653 would not permit the deprivation of counties of origin of the water needed for their development.

Very truly yours,

RALPH N. KLEPS, Legislative Counsel  
By GEORGE H. MURPHY, Deputy

Two copies to Hon. George J. Hatfield pursuant to Joint Rule 34.

#### REQUEST FOR UNANIMOUS CONSENT

Senator Thompson asked for, and was granted, unanimous consent to have the following opinion of the Legislative Counsel regarding S. B. No. 1066 printed in the Journal:

#### OPINION OF THE LEGISLATIVE COUNSEL

STATE OF CALIFORNIA, OFFICE OF LEGISLATIVE COUNSEL

SACRAMENTO, April 27, 1953

*Honorable John F. Thompson*

*Senate Chamber*

*S. B. 1066 as amended in Senate April 22, 1953*

*(Workmen's Compensation: Medical Fees) No. 9317*

DEAR SENATOR THOMPSON: Senate Bill No. 1066 as amended in the Senate on April 22, 1953, would add the following section to the Labor Code:

"5307.1. The commission may, after public hearings, and by an order signed by four members adopt an official minimum medical fee schedule."

You ask whether the following would be a correct interpretation of the law should S.B. 1066, as thus amended, be enacted:

"Section 5304 of the Labor Code provides that the Industrial Accident Commission has jurisdiction over any controversy arising out of the furnishing of medical care to injured employees \* \* \* unless an express agreement fixing the amounts to be paid for medical, surgical or hospital treatment as such treatment is described in those sections has been made between the persons or institutions rendering such treatment and the employer or insurer."

"It is our opinion that the addition of Section 5307.1 to the Labor Code containing the language hereinabove quoted will not in

any way affect, modify or repeal the provisions of Section 5304 of the Labor Code, inasmuch as the new Section 5307.1 merely adds a permissive power to the Industrial Accident Commission to adopt a minimum fee schedule that will result in medical fees charged in accordance with the schedule being prima facie reasonable, so that there will be no inconsistency or conflict between 5304 and 5307.1. If we are correct in this view, then there is no basis on which to consider that 5307.1 will repeal or modify 5304."

It is our opinion that the foregoing would represent a correct interpretation of the situation should S.B. 1066, as amended on April 22, 1953, be enacted.

Very truly yours,

RALPH N. KLEPS  
Legislative Counsel  
By J. GOULD, Deputy

We have 32 days left, if we do not meet on Saturdays or Sundays. If we are to do as much business this session as we did two years ago, we have 1337 measures yet to act upon, which means that we must anticipate an average of 43 roll calls per day upon the passage of Senate and Assembly measures.

## MESSAGES FROM THE GOVERNOR

STATE OF CALIFORNIA, GOVERNOR'S OFFICE

SACRAMENTO, April 22, 1953

*To the Honorable Members of the Senate  
Sacramento, California*

GENTLEMEN:

**Assembly Bill No. 2283:** "An act authorizing the acquisition by the Department of Public Works of the ferry system across Carquinez Straits between Benicia and Martinez, defining the powers and duties of the Department of Public Works in relation thereto, providing for the extension of State Highway Route 75 from Martinez to Benicia upon the acquisition of said ferry system, amending Sections 374 and 375 of the Streets and Highways Code in connection therewith, and declaring the urgency thereof, to take effect immediately,"

in my opinion constitutes an emergency bill within the meaning of that term as used in Section 34 of Article IV of the Constitution of the State of California, the consideration of which should not await the final enactment of the Budget Bill.

It has been represented to me by the legislators from Contra Costa and Solano Counties that the ferry system between Benicia and Martinez, which is now operated by the City of Martinez, may be abandoned at a very early date. If this is done there will be no traffic connection between those portions of the state highway terminating at Martinez and Benicia, respectively. It was also stated that this would result not only in great inconvenience to local residents but to many others who use the ferry connection in their travel between different parts of the State. In order that the Legislature may give its attention to this matter before the ferry might be closed early consideration of this measure is desirable.

I therefore recommend consideration of Assembly Bill 2283 as an emergency measure.

Respectfully submitted,

EARL WARREN, Governor

## LETTER OF TRANSMITTAL

SENATE INTERIM COMMITTEE ON PUBLIC LANDS  
SENATE CHAMBER, SACRAMENTO, April 27, 1953

*Hon. Goodwin J. Knight, President  
and Members of the Senate*

GENTLEMEN: Pursuant to Senate Resolution No. 174 of the 1951 Regular Session, your Interim Committee on Public Lands transmits herewith Section 1 of its report on findings and recommendations pertaining to the public lands problems of the State.

The volume of material reviewed by the committee on forestry problems in the State of California warranted the subject being treated in a separate section of the committee report. The Legislature has not made a specific survey of forestry since the termination of the Biggar Committee in 1945. Your committee has reviewed the results of the 1945 enactments, pursuant to the recommendations of the Biggar Committee, and believes the State Forester, the State Forestry Board and the lumber industry of the State are to be commended for the splendid cooperation and advancement of the last eight years under the Forest Practice Act. Your committee believes that no major changes should be made and recommends only a few minor adjustments which are outlined in this report. Legislation has been proposed in conformance with these suggested adjustments and is now pending before you.

Respectfully submitted,

EDWIN J. REGAN, Chairman  
LOUIS G. SUTTON, Vice Chairman  
JAMES E. CUNNINGHAM  
HAROLD T. JOHNSON  
FRED H. KRAFT

Letter of transmittal ordered printed in the Journal, and the report printed in the Appendix to the Journal.

## MOTION TO PRINT REPORT

Senator Regan moved that 2,500 additional copies of the partial report, submitted by the Senate Interim Committee on Public Lands, be printed for distribution.

Motion carried.

**MOTION TO PRINT OPINION OF THE LEGISLATIVE COUNSEL**

Senator Hatfield moved that the following opinion of the Legislative Counsel regarding Reclamation Power Controls be printed in the Journal.  
Motion carried.

**OPINION OF THE LEGISLATIVE COUNSEL**

STATE OF CALIFORNIA, OFFICE OF LEGISLATIVE COUNSEL

SACRAMENTO, April 26, 1953

*Honorable George J. Hatfield*  
*Senate Chamber*

*Reclamation Power Controls—No. 6427*

DEAR SENATOR HATFIELD:

*Question*

You have asked our opinion as to whether or not a contract executed by the Secretary of the Interior to deliver power from a reclamation project at a price which would not be sufficient to return interest of three percent or more per annum of "the appropriate share of the construction investment," would be valid.

*Opinion*

We do not believe that the contract would be valid.

*Analysis*

It is well established the powers of a public official cannot be extended beyond the terms and necessary implications of the grant. If broader powers are desirable they must be conferred by Congress. (*Federal Trade Commission v. Raladam Co.* (1931) 283 U. S. 642, 75 L. Ed. 1324).

It is equally well established that individuals as well as courts must take notice of the extent of the authority conferred by law upon a person acting in an official capacity—ignorance of law furnishes no excuse for any mistake or wrongful act. (*Hawkins v. United States* (1877) 96 U. S. 689, 24 L. Ed. 607).

Considering the authority vested in the Secretary of the Interior to contract for the sale of power from a reclamation project, Section 9 (c) of the Reclamation Project Act of 1939 provides, in part:

"Any sale of electric power or lease of power privileges, made by the Secretary in connection with the operation of any [reclamation] project, shall be for such periods . . . and at such rates as in his judgment will produce power revenues at least sufficient to cover . . . interest on an appropriate share of the construction investment at not less than 3 percentum per annum . . ." (Emphasis added)

Section 9 (c) requires the Secretary of the Interior to exercise his judgment in the determination of the sufficiency of the rate in the sale of power. It must be assumed, therefore, in the course of his investigations to secure information on which to base his judgment, he would ascertain whether or not the rate was sufficient under the law.

If the Secretary found, as assumed by the question, that a rate was insufficient to meet the requirements of the Reclamation Laws and nevertheless executed a contract to sell power at that rate, we do not believe the contract would be valid. We do not believe that the law would

authorize the Secretary, in exercising his judgment, to make an arbitrary or capricious determination contrary to his findings.

On the other hand, if there was any reasonable basis on which the Secretary could base a determination that a rate was sufficient, his authority to contract at that rate would undoubtedly be sustained.

Likewise, it should be noted that the interest would be on an "appropriate share" of the construction investment. The Secretary of the Interior would also make that determination, subject, of course, to certain limitations. While the question here considered assumes a rate insufficient to return three percent interest on such "appropriate share," in applying the legal principles discussed in this opinion to any specific contract, the element of discretion in determining "appropriate share" should be considered.

Very truly yours,

RALPH N. KLEPS, Legislative Counsel  
By GEORGE H. MURPHY, Deputy

**DIVISION 9. SOIL CONSERVATION**

**CHAPTER 1. GENERAL PROVISIONS**

**Article 1. Policy of State**

9000. The Legislature hereby declares that the conservation of the soil is of fundamental importance to the prosperity and welfare of the people of this State. Severe pressure has been placed upon the State's soil resources in order to supply the basic food requirements of a greatly expanded population, and the productivity of agricultural, range and forest lands must be preserved and increased if the present standard of living is to be maintained under continuing population increases. Special effort must be made to speed up the present program of soil conservation in order to provide for permanent productive use of all remaining resources. To promote such effort, the Legislature believes that the State must assume leadership in formulating and putting into effect a state-wide program of soil conservation and hereby declares that the provisions of this division of this code are enacted to accomplish the following purposes:

(a) To provide a means by which the State may cooperate with the United States and with soil conservation districts organized pursuant to this division in securing the adoption in this State of farm, range, and woodland practices best adapted to save the soil resources of the State from unreasonable and economically preventable waste.

(b) To provide for the organization and operation of soil conservation districts for the purposes of soil conservation, the control of runoff and the prevention and control of soil erosion, including, but not limited to, land drainage and land clearing. Such districts, in addition to their other powers, shall have legal authority:

(1) To cooperate with the United States, this State, counties, public districts, other soil conservation districts, persons, associations, and corporations in matters relating to the control of runoff and to soil conservation through the prevention and control of soil erosion.

(2) With the consent of the owner, to construct on privately or publicly owned lands necessary works for the control of runoff and the prevention and control of soil erosion.

9001. It is hereby declared as a matter of legislative determination:

(a) That the construction and maintenance on privately or publicly owned land of works for the control of runoff and the prevention and control of soil erosion caused by the action of water or wind or otherwise is in the general public interest and for the general public benefit.

(b) That the expenditure of state, county, district or other public funds for the construction or maintenance of such control or preventive works on privately or publicly owned land constitutes expenditure for the general public benefit.

9040. The State Soil Conservation Commission is the state agency charged with carrying out the purposes and policy of this division.

9041. The commission may promote and shall assist in the formation, organization and operation of soil conservation districts.

9042. It may investigate any proposed new soil conservation district or addition of land to a district and report its findings and conclusions to the requesting authority and the proponents of such district, or addition.

9043. It may advise with organized soil conservation districts as to plans and proposals relating to soil conservation activities, and, when such plans or proposals are presented to it, approve, disapprove, or suggest modifications of such plans or proposals.

9044. It may cooperate with the United States, any soil conservation district, county, public district, or person in the furtherance of the purposes of this division, and to that end may receive and use contributions of funds or services or both for the investigating of, or planning works for, the control of runoff or the control or prevention of soil erosion.

9045. Insofar as consistent with the duties, obligations and responsibilities of other public agencies, the commission may promote coordination of the activities of such agencies in furtherance of the control of runoff and the prevention and control of soil erosion.

9046. The commission may employ such clerical, technical, or other assistants as it deems necessary.

#### Article 3. Funds and Expenditures

9048. The commission may receive contributions from the United States, public districts, soil conservation districts, counties, public agencies, or persons and may use such contributions for the purposes of the district.

9050. Any county may contribute money of the county to the commission.

9051. All money contributed to the commission shall be paid into the State Treasury to the credit of the Soil Conservation Commission Fund, which fund is hereby created. Such money shall be paid out upon the order of the chairman and secretary of the commission.

#### Article 4. The Soil Conservation Equipment Revolving Fund

9053. The Soil Conservation Equipment Revolving Fund in the State Treasury is hereby continued in existence. The fund consists of all money appropriated thereto and all money received by the commission pursuant to this article. All money in the fund is appropriated to the commission to carry out the provisions of this article.

9054. The commission may purchase with money from the Soil Conservation Equipment Revolving Fund and rent to a soil conservation district or sell, on a rental-purchase agreement or otherwise, to a soil conservation district equipment and machinery suitable for work relating to soil conservation, including ditching machinery, grading machinery, soil moving machinery, tractors, and other machinery and equipment useful for the actual operations of soil conservation projects and equipment, machinery, and buildings suitable for servicing, repairing, maintaining, transporting, and housing of that equipment. Of the money made available to the commission under this article not more than 25 percent shall be used for the purchase of equipment, machinery and buildings suitable for servicing, repairing, maintaining, transporting, or housing equipment. Nothing in this article prohibits the purchasing of equipment of any kind from a district. Of the money available to the commission to carry out the provisions of this section, the commission shall limit the equipment which may be purchased under this section by any one district to approximately fifty thousand dollars (\$50,000), but in no case shall the amount exceed sixty thousand dollars (\$60,000) for any one district. In the event any district already possesses more equipment than the limits herein provided, the commission shall reduce the equipment purchased by the district to conform to the limits herein provided, by January 1, 1956.

Nothing in this section shall prohibit the commission from purchasing or holding equipment in its possession which it deems vital to the needs of the soil conservation

districts and renting such equipment at rental rates approved by the Department of Finance to any soil conservation district.

Any equipment not purchased or held by the commission shall be sold prior to January 1, 1956, by the Department of Finance for the best price obtainable in cooperation with the Soil Conservation Commission. Funds received from the sale of such property and equipment shall be used first to pay any amounts due the Soil Conservation Commission on account of that property and equipment by reason of either a cash loan or rental agreement, second to pay any amounts due to the State for loans made available by the Department of Finance, and any balance shall be available for expenditure for district purposes.

9055. All equipment and machinery made available to any soil conservation district pursuant to this division is subject to call for emergency use in fire, storm, flood or disaster by a federal or state agency, a county, city, or district of this State.

9056. The charge made to districts by the commission for repayment of each unit of equipment and the charges for services rendered to or by the districts in transporting, servicing, repairing, maintaining and housing equipment shall be sufficient to return to the commission sufficient revenue to provide for the replacement of all equipment as such replacement becomes necessary. There shall be an equipment supervisor responsible to the commission in charge of all equipment purchased by the commission and sold to the districts for the purpose of supervising the maintenance and use of such equipment as long as the commission holds any equity in the equipment. The equipment supervisor shall further be charged with checking and reporting upon, at least once each six months, all equipment which it finds to be improperly operated, cared for or used or which is in default of payment. If such use or default cannot be satisfactorily corrected after due notification to the district by the commission, the latter may take possession of the equipment in the name of the State.

9057. The commission shall establish individual rates for the sale of all units or complements of equipment, subject to approval by the Department of Finance.

#### CHAPTER 3. SOIL CONSERVATION DISTRICTS

##### Article 1. Lands Included

9060. A soil conservation district may be formed pursuant to this division for the control of runoff, the prevention or control of soil erosion, and the improvement of land capabilities.

9061. The lands included in a district shall be those generally of value for agricultural purposes, including farm and range land useful for the production of agricultural crops or for the pasturing of livestock, but other lands may be included in a district if necessary for the control of runoff, the prevention or control of soil erosion, or land improvement, and for fully accomplishing the purposes for which the district is formed.

9062. The lands included in any one district need not be contiguous but they shall be susceptible of the same general plan or system for the control of runoff, the prevention or control of soil erosion, or land improvement. No lands may be included in more than one district.

9063. The lands included in any one district may be situated in one or more counties.

9064. The lands included in a district may be publicly owned or privately owned.

##### Article 1.5. Investigation of Proposals

9070. Any proposal for the formation of a new district shall be submitted to the board of supervisors of the county in which all or the greatest portion of the land of the proposed district is situated.

9071. The board of supervisors first shall request the commission to investigate the proposal for a new district, particularly with reference to the location of boundaries and the practicability and feasibility for effecting a soil conservation program within the provisions of this division.

9072. The commission shall make the requested investigation and report thereon as soon as practicable.

9073. Upon receipt of the report of the state soil conservation commission the board of supervisors shall submit the proposal for the new district to the county boundary commission of each county in which any part of the district is to be located.

9074. The county boundary commission shall consider the proposal and shall hold a public hearing with respect thereto if one is requested and if, in the discretion of the chairman or a majority of the members of the county boundary commission, a hearing would be in the public interest.

9075. In considering such a proposal, the county boundary commission shall compare the proposed boundaries of the district with those of soil conservation and other districts within the county and shall ascertain the extent to which overlapping or conflicting boundaries may result from the proposal, and may consider any factors that it may regard inimical to the public interest.

9076. Within 30 days after the submission of such proposal, the county boundary commission shall make its report and recommendation with respect thereto. This report shall be filed with the board of supervisors to which the proposal was submitted and a

copy furnished to the proponents of the proposed district and to the State Soil Conservation Commission.

9077. Within 30 days after receiving the report of the county boundary commission on such proposal, the board of supervisors shall consider the matter and advise the proponents in writing of any changes in the proposed boundaries believed to be in the public interest. The recommendations of the board of supervisors or its finding that the proposed boundaries are satisfactory shall be accompanied by copies of the report from the county boundary commission and the State Soil Conservation Commission. A copy of the board's determination shall be sent to the county boundary commission and the State Soil Conservation Commission.

9078. Upon the receipt of the report, the proponents shall consider the recommendations of the county boundary commission and the board of supervisors and may make any modifications recommended.

9079. If the proponents decline to accept any recommendations for modification specified by the county boundary commission and the board of supervisors and file a statement of reasons therefor, the board of supervisors shall, within 10 days, reconsider the boundaries proposed by the proponents and notify the proponents as to whether the boundaries are or are not acceptable to the board of supervisors. A copy of the statement of reasons shall also be sent to the county boundary commission and the State Soil Conservation Commission by the proponents.

9080. If the county boundary commission and the board of supervisors in their reports find that the proposed boundaries are satisfactory or if the board of supervisors upon reconsideration finds the boundaries acceptable, the proponents may circulate a petition to form a new district. If the proposed boundaries are not acceptable and differences cannot be adjusted, the supervisors may, if a district is deemed in the public interest, set the boundaries and the proponents may proceed with the petition.

#### Article 2. Petition

9083. A petition for the organization of a district shall be presented to the board of supervisors of the county in which is situated all or the greatest portion of the land in the proposed district.

9084. The petition shall describe the boundaries of the proposed district and shall propose a name for the district. The number of directors to be elected or appointed to govern the district shall be five (5).

9085. The petition shall be signed and valid by either of the following:

(a) Not less than 100 landowners or 51 percent if there are less than 200 landowners in the proposed area;

(b) If 51 percent of the total landowners owning 51 percent of the private lands within the proposed district sign the petition, and if at the hearing as provided in Article 3 of this chapter the board of supervisors finds it is in the public interest and welfare to form such a district, it may, by an order entered on its minutes, declare that to be its finding, and may further declare and order that the territory within the boundaries fixed by the board shall be organized as a district and declared duly formed without election. The order shall name the district and appoint the first board of directors; said board of directors shall then proceed to organize and shall be governed by all the rest of the provisions of this division.

9086. The petition shall state the approximate number of acres calculated to be in the proposed district and the approximate number of acres for which each signer signs as owner.

9087. The petition may be comprised of sections which shall be identical except as to signatures and acreages. Each paper in the petition which bears signatures shall have attached thereto an affidavit of a qualified elector that he saw written the signatures thereon and each was written by the person whose signature it purports to be.

9088. The proxies shall accompany the petition or appropriate section thereof.

9089. If a signer is other than the person to whom the land for which he purports to sign is assessed according to the assessment records of the county in which the land is situated, the petition or appropriate section shall be accompanied by a statement of the signer as to the source of his title.

9090. The petition shall be presented to the clerk of the board of supervisors of the principal county.

9091. The clerk shall submit the petition and any accompanying papers to the assessor for examination. If the proposed district lies in more than one county the clerk shall submit appropriate sections to the assessors of the several counties, or submit the entire petition to the several assessors successively.

9092. Upon receipt of the petition and any accompanying papers each assessor shall compare the names signed thereto with the names of landowners in the district according to the assessment records and evidence of title available to him.

9093. The assessor shall certify to the clerk of the principal county all of the following:

(a) The total acreage of the proposed district situated in his county.

(b) The total number of persons who are owners of land and acreage owned in the proposed district and in his county according to the assessment records and to evidence of title available to him.

(c) The total number of acres in the proposed district in his county owned by the United States, this State, any public district, or any city or county.

(d) The number of persons the names of whom are signed to the petition who are owners of land in the district and in his county, and, if necessary, the total number of acres of land owned by the persons who have so signed the petition.

9094. Upon the completion of certification by the assessor or assessors the clerk shall present the petition to the board of supervisors of the principal county at its next regular meeting or at any special meeting called prior thereto.

9095. The board shall consider and pass upon the sufficiency of the petition. In considering the sufficiency of the petition the board shall establish the finding of fact that the petition is signed by the required number of landowners, and that the boundary as described in the petition is acceptable to the board of supervisors.

9096. If the boundary as described in the petition does not conform with the recommendations of the board of supervisors, or if the petition is found to be insufficient, the board shall defer action on the petition and request reconsideration of the proposal by the proponents.

9097. If the proponents cannot correct the insufficiencies of the petition or rectify the boundary discrepancies within 60 days the board shall deny the petition.

### Article 3. Hearing

9100. If the petition is found to be sufficient, the board shall set a time and place for a public hearing on the petition.

9101. Notice of the time and place of hearing shall be given by publication in a newspaper of general circulation published in each of the counties in which some part of the proposed district is situated. The cost of publication of the notice shall be paid by the principal county and is a county charge.

9102. The published notice shall state that the petition has been received and will be heard at the time and place specified in the notice or at such time and place to which the hearing may be adjourned. The published notice shall set forth the petition in full with accompanying signatures; or it shall describe the petition and the location of the proposed district in general terms and refer to the petition on file with the clerk of the board for further particulars.

9103. The notice of the hearing shall be published at least once a week for two successive weeks in a newspaper of general circulation in the principal county and also in some newspaper of general circulation in each county in which a part of the proposed district lies.

9104. Following this hearing the board will make such final adjustments between district boundaries and changes in district names as are considered to be in the public's interest. As to those districts which include areas in adjoining counties, the final determination of boundaries shall be made by the board of the principal county upon agreement with the board of any such other county.

9105. At the hearing the board shall hear and consider all relevant testimony and evidence in support of or in opposition to the petition. The hearing may be adjourned from time to time and from place to place.

9108. If, after hearing, the board finds from all the evidence that the formation of the district would not be in the public interest it shall deny the petition.

9109. If, after hearing, the board finds that the formation of the district would be in furtherance of soil conservation and in the public interest the board shall determine the boundaries of the district and grant the petition.

9110. In fixing the boundaries the board may include all lands not within the boundaries set forth in the petition the inclusion of which has been requested by the owner.

9111. The board shall exclude from the boundaries of the district or from within the district such lands as the owner thereof has requested to be excluded.

9112. In its final determination of the boundaries the board shall not include within the district any land which, in the opinion of the board, will not be benefited by such inclusion.

9113. The determination of the boundaries of a district by the board shall be final.

9114. After the boundaries are established and the petition granted, the board shall make and enter an order to that effect, which shall describe the boundaries, designate a name for the district.

### Article 4. Election on Formation and of First Directors

9120. Upon the making of an order granting a petition for formation and establishing the boundaries of a district the board shall forthwith call an election in the district upon the question of formation of the district and for the election of the first board of directors of the district, excepting those districts formed under Section 9085, subsection (b), of this code. However, if a general election is to be held within 60 days, the election shall be held at the time of the general election.

9121. Directors shall be elected at large and each shall be an owner of land in the district.

9122. Candidates for office of director shall be nominated at least 10 days prior to the date of election.

9123. Nomination of candidates shall be in writing and signed by at least five qualified electors residing within the district. Nominations shall be filed with the clerk of the board of supervisors of the principal county.

9124. Notice of election shall be given at least 15 days prior to the election.

9125. The notice shall describe the boundaries of the district as established by the board; designate the name of the proposed district; and specify the number of directors.

9126. Notice of election shall be published in a newspaper of general circulation published in the principal county and, if a portion of the district lies in any other county, also in a newspaper of general circulation published in such other county. The cost of publication of the notice in the principal county shall be paid by the principal county and shall be a county charge. The cost of publication of notice in any other county shall be paid by such other county and shall be a county charge.

9127. If the notice is published in a weekly newspaper it shall appear on at least three different days prior to the day of election, and the first publication shall be at least 15 days prior to the election.

9128. If the notice is published in a newspaper published more often than once a week it shall appear on three different days prior to the election, the first publication shall be at least 15 days prior to the election, and there shall be at least five days between the days of publication. In computing the five-day period both the first and last days shall be included.

9129. The board shall establish a convenient number of precincts, define their boundaries, and designate a polling place in each.

9130. The county clerk of any county in which an election under this division is to be held, may provide separate ballots for such election. The separate ballots shall be sufficient if they conform to the requirements of this division and they need not conform to the provisions of the Elections Code relating to the form of ballots.

Election officers shall be appointed, ballots and supplies provided, and the election conducted as prescribed by the provisions of this division relating to general soil conservation district elections, except that the board of supervisors shall act in place of the directors and the clerk of the board in place of the secretary of the directors.

9131. Except as otherwise provided, the general election laws shall apply to elections under this article.

9132. No irregularity or informality shall invalidate any election under this article or the result thereof if notice has been given substantially as provided in this article and the election is fairly conducted.

9133. On the ballots at such election shall be printed a proposition substantially as follows: "Shall the proposed \_\_\_\_\_ soil conservation district be organized?" followed by the words "yes" and "no," with voting space thereafter, together with the names of the candidates for directors.

9134. The names of candidates for director shall be arranged alphabetically with a voting square after each. Above the names of the candidates shall appear the words "Vote for \_\_\_\_\_ (inserting the proper number)." Blank spaces shall be provided below the printed names of candidates wherein electors may write in names of persons whose names are not printed on the ballot and vote for them for directors.

9135. Any qualified elector residing in the district may vote at an election under this article.

9136. The board of supervisors of each county in which a part of the district is situated shall meet on the second Monday following the election and canvass the votes. The results of the canvass of the votes of each county shall be certified to the board of the principal county.

9137. If upon the canvass it appears that a majority of all of the votes cast are in favor of the formation of the district, the board shall, by an order entered in its minutes, declare the territory duly organized as a soil conservation district under the name designated. The organization of the district is complete when the order is entered on the minutes of the board.

9138. If it appears that the majority of all of the votes cast are against the formation of the district the board shall declare the election lost.

9139. If the majority is in favor of the formation of the district the board shall canvass the returns of the election for directors. The board shall determine the persons receiving the highest number of votes to the number required to fill the offices. A tie vote upon which election depends shall be decided by lot. Upon the ascertainment of the persons elected the board shall, by an order entered in its minutes, declare them duly elected. Certificates of election shall be issued to the elected directors by the clerk of the board.

9140. An election under this article may be contested by any landowner in the proposed district.

9141. Such contest shall be brought within 20 days after the canvass of the vote and declaration of the result by the board of supervisors.

9142. The directors elected at the election shall be the parties defendant in the contest.

9143. The contest shall be brought in the superior court in the principal county and if more than one contest as to the same election is pending they shall be consolidated and tried together.

9144. The court shall speedily try the contest and determine whether the election was fairly conducted and in substantial compliance with the requirements of this division and shall enter judgment accordingly.

9145. Either party may appeal from such judgment and such appeal shall be given the same preference as other contested election cases in the Supreme Court and in the district court of appeal when transferred thereto.

#### Article 5. Proceedings Supplemental to Organization

9150. The board of supervisors of the principal county shall, within 10 days after the entry of an order declaring a district organized, cause a certified copy of the order to be filed for record in the office of the county recorder of each county in which any portion of the district is situated.

9151. The board shall also forward certified copies of said order to the State Soil Conservation Commission, the Secretary of State, and the clerk of the board of supervisors of each county, other than the principal county, in which any portion of the district is situated.

9152. No board of supervisors of any county in which any part of the lands embraced within a district is situated shall allow another soil conservation district to be formed which includes any portion of the lands within an existing district.

#### Article 6. District Directors

9160. The directors first elected shall take office immediately upon qualifying.

9161. Each director shall take the oath of office.

9162. The directors shall receive no compensation for their services as such, but each shall be allowed reasonable and necessary expenses incurred in attendance at meetings of the directors or when otherwise engaged in the work of the district at the direction of the board of directors. The directors shall fix the amount allowed for such necessary expenses, but no director shall be appointed to any position for which he would receive compensation as a salaried officer or employee of the district.

9163. No director or other officer of the district shall be interested directly or indirectly in the sale of equipment, materials, or services to the district.

9164. After all have qualified the directors first elected shall meet and classify themselves by lot into two classes as nearly equal in number as possible. The term of office of those in the class having the least number shall expire at noon on the first Tuesday in March of the next odd-numbered year after the year in which the meeting is held. The term of office of those in the other class shall expire at noon on the first Tuesday in March of the second odd-numbered year after the year in which the meeting is held.

9165. After such classification the directors shall organize and elect a president from their number who shall serve as such at the pleasure of the directors.

9166. The directors shall appoint a secretary who shall serve at the pleasure of, and whose compensation shall be fixed by the directors.

9167. The president and secretary shall each give a bond in the sum of two thousand dollars (\$2,000) for the faithful performance of his duties.

9167.5. The bonds shall be recorded in the office of the county recorder of the principal county and filed with the county clerk of that county.

9167.6. The bonds shall be in the form prescribed for bonds of county officers and the premiums on the bonds shall be paid by the district.

9168. The directors shall select a date, time, and place at which regular monthly meetings of the directors shall be held.

The directors may, by resolution, change the time or place of regular meeting but no such change shall be effective until after the publication of a notice of the change in a newspaper of general circulation published in the principal county and also in some newspaper of general circulation published in each other county in which any portion of the district lies.

9170. Special meetings of the directors may be held as required when ordered by a majority of the directors. The order shall be entered in the records of the district and five days notice of the meeting shall be given by mail by the secretary to each director not joining in the order.

9171. The order for a special meeting shall specify the business to be transacted. No other business shall be transacted at a special meeting unless all of the directors are present, in which case matters not specified may be considered by unanimous consent and acted upon.

9173. All meetings of the directors shall be open to the public. All records of the district shall be open to public inspection during business hours.

9174. The term of office of directors, except those first elected shall be four years. The expiration of the term of any director shall not constitute a vacancy and he shall hold office until his successor has qualified.

9175. Resignations of directors shall be made in writing to the board of supervisors of the principal county.

9176. In case of a vacancy in the office of director it shall be filled by appointment for the unexpired term by the board of supervisors of the principal county.

#### Article 7. General District Elections

9200. An election to be known as the general soil conservation district election shall be held in each district on the second Tuesday after the first Monday in February in each odd numbered year, at which a successor shall be chosen for each director whose term of office expires in March thereafter.

9201. Not less than 30 days prior to the election, any five or more electors in the district may file with the board of supervisors of the county in which is situated all or the greatest portion of the land in the district a petition requesting that the names of certain persons specified in the petition be placed upon the ballot as candidates for the office of director. Each person nominated shall be an owner of land within the district.

9202. Any candidate nominated for director may withdraw his name within five days after nominations officially close. When a candidate withdraws his name within the time specified above, his name shall not be printed on the ballot.

9203. The election shall be conducted by the board of supervisors and county clerk of the county in which is situated all or the greatest portion of the land in the district, the votes cast, and returns made to such board as nearly as practicable in conformity with the general election laws of this State, including but not limited to those relating to local elections, except that the register used may be that prepared for any other election, and except as otherwise provided.

9204. If on the twentieth day prior to the day fixed for the general soil conservation district election it appears that one person but not more than one, has been nominated for each of the positions of director, which are to be filled at that election and a petition, signed by 5 percent of the qualified electors in the district requesting that the general soil conservation district election in the district be held, has not been presented to the board of directors of the district, an election shall not be held, but the board of supervisors of the county in which the district is situated, or the board of supervisors of the principal county at a regular, adjourned, or special meeting held prior to the day fixed for said election shall appoint to the said position those persons who have been nominated for such positions. The said persons shall qualify and take office and serve exactly as if elected at a general soil conservation district election.

In such instances a notice that no election is to be held but that the board of supervisors will appoint those nominated for the said positions of director, shall be published at least 10 days prior to the date upon which said election would have been held.

9205. The board of supervisors of the county in which is situated all or the greatest portion of the land in the district shall canvass the returns of the election.

9206. Such board of supervisors shall provide for the appointment of precinct boards and the formation of precincts for such elections, and shall pay the expenses of the election. Such county clerk shall furnish each precinct board with a map showing the boundaries of the district.

9207. Any qualified elector residing in the district may vote at an election under this article.

9208. The county clerk of the county in which is situated all or the greatest portion of the land in the district as soon as the result is declared shall certify to the district for its records a statement of the result which shall show (a) the whole number of votes cast in the district, (b) the names of the candidates voted for, (c) the number of votes given in each precinct for each candidate.

9209. Such county clerk shall immediately make out, sign, and deliver to each person elected a certificate of election.

9210. The election of any director may be contested on the grounds and in the manner provided by the Elections Code for contests at general elections.

9211. The directors elected shall qualify within 20 days after receiving their certificates of election by taking the oath. The president and the secretary of the board shall file an official bond in the sum of two thousand dollars (\$2,000) approved by a judge of the superior court of the principal county. When in the judgment of the directors it is for the benefit of the district so to do, they may give assistance to private landowners or land occupants within the district in seeds, plants, materials and labor, and may loan or rent to any such private landowner or land occupant agricultural machinery or other equipment. No such assistance shall be given or any such loans made unless the landowner or land occupant receiving such aid or assistance agrees to devote and use same on his lands within the district in furtherance of objectives of the district and in accordance with district plans or regulations. Notwithstanding the fact that he is also a director any landowner is qualified to and may receive assistance or loans under this section.

9261. The directors shall develop district-wide comprehensive plans for soil conservation, including the improvement of land drainage within the district.

9264. The directors may establish standards of cropping and tillage operations and range practices on private land as a condition to expenditure by the district of district or other funds, or to the doing by the district of any work of any nature, on private lands.

9264.5. The directors of any district may cooperate with the directors of any other district in respect to matters of common interest or benefit to the districts. 9272. The directors may determine by resolution entered upon their minutes that any property, real or personal, held by such district is no longer necessary to be retained for the uses and purposes of the district, and may thereafter sell or lease such property.

9273. A sale or conveyance of any property held by a soil conservation district, executed by the president and secretary thereof, in accordance with a resolution of the directors of the district, when the property is sold for a valuable consideration, shall convey good title to the property so conveyed.

9274. The proceeds of any such sale shall be paid into the county treasury of the principal county for the use of the district.

## Article 10. Inclusion of Lands

9280. Prior to the inclusion of additional lands in a district, the board of directors shall submit a recommendation and map to the county boundary commission of each county in which any portion of the recommended area lies and to the State Soil Conservation Commission showing the ultimate boundaries to which the original district should logically expand.

9280.1. The county boundary commission shall consider the recommended area of expansion and shall hold a public hearing with respect thereto if one is requested and if, in the discretion of the chairman or a majority of the members of the county boundary commission, a hearing would be in the public interest.

9280.2. In considering the recommended area of expansion the county boundary commission shall compare the boundaries of the area proposed to be included with those of other soil conservation districts within the county, and shall ascertain the extent to which overlapping or conflicting boundaries may result, and may consider any factors that it may regard inimical to public interest.

9280.3. The county boundary commission shall file its report and recommendations on the area of expansion with the board of directors of the district and a copy furnished to the State Soil Conservation Commission.

9280.4. The State Soil Conservation Commission shall, concurrently with the consideration by the county boundary commission, make an investigation of the recommended area of expansion, particularly with reference to the location of boundaries and the practicability and feasibility of effecting the soil conservation program of the district in the area of expansion. The commission shall report thereon to the board of directors as soon as practicable, and shall furnish a copy to the county boundary commission of each county in which any portion of the recommended area lies.

9281. Upon approval of the recommended ultimate boundaries to which the district should logically expand, or concurrence on the ultimate district boundaries, by the county boundary commission and the State Soil Conservation Commission, proposals for the inclusion of additional lands, within the ultimate boundaries, may be submitted to the board of directors of the district.

9282. Upon receipt of a proposal for the inclusion of additional lands the board of directors shall investigate the proposal, particularly with reference to the location of boundaries and the practicability and feasibility of effecting the soil and water conservation programs of the district in the proposed addition.

9283. Upon approval of the proposed addition by the board of directors, the board shall submit the proposal to the county boundary commission of each county in which any part of the proposed addition is located and shall advise the State Soil Conservation Commission of each action.

9284. The county boundary commission shall consider the proposal and shall hold a public hearing with respect thereto if one is requested and if, in the discretion of the chairman or of a majority of the members of the county boundary commission, a hearing would be in the public interest.

9285. In considering the proposal the county boundary commission shall compare the boundaries of the area proposed to be included with those of other soil conservation districts within the county, and shall ascertain the extent to which overlapping or conflicting boundaries may result from the proposal and may consider any factors that it may regard inimical to public interest.

9286. Within 30 days after the submission of such a proposal, the county boundary commission shall make its report and recommendations with respect thereto. This report shall be filed with the board of directors of the district and a copy furnished to the proponents of the proposed inclusion and to the State Soil Conservation Commission.

9287. Within 30 days after receiving the report of the county boundary commission, the board of directors shall consider the matter and advise the proponents in writing of any changes of the proposed boundaries believed to be in the public interest. The recommendations of the board of directors or its finding that the proposed boundaries are satisfactory shall be accompanied by copies of the report from the county boundary commission. A copy of the board of directors' determination shall be sent to the county boundary commission and the State Soil Conservation Commission.

9288. Upon the receipt of the report, the proponents shall consider the recommendations of the county boundary commission and the board of directors and may make any modifications recommended.

9289. If the proponents decline to accept any recommendations for modification specified by the county boundary commission and the board of directors and file a statement of reasons therefor, the board of directors shall, within 10 days, reconsider the boundaries proposed by the proponents as to whether or not the boundaries are or are not acceptable to the board of directors. A copy of the statement of reasons shall also be sent to the county boundary commission and to the State Soil Conservation Commission by the proponents.

9290. If the county boundary commission and the board of directors in their reports find the proposed boundaries are satisfactory, or if the board of directors upon reconsideration finds the boundaries acceptable, the proponents of the proposal may circulate and file with the directors a petition requesting the directors to include the additional land.

9291. The petition shall be signed by a majority of the landowners of the additional land who own more than one-half of the total acreage thereof.

9292. In computing the percentage of acreage, land of the United States, this State, any public district, or any city or county shall be excluded.

9293. Any state or federal officer, agency, or other instrumentality in charge of any public land, if authorized to do so, may request the directors to include such land within the district.

9294. The petition shall describe the boundaries of the tract proposed to be included.

9295. The board of directors shall consider and pass upon the sufficiency of the petition. In considering the sufficiency of the petition the board shall determine whether or not the petition is signed by the required number of landowners owning the required acreage, and whether or not the proposed boundaries as described in the petition are acceptable to it. If the directors find that the petition is sufficient, they shall approve the petition and make an order to that effect.

9296. If the petition is found to be insufficient, the board of directors shall defer action on the petition and request that the proponents correct the insufficiencies.

9297. If the proponents cannot correct the insufficiencies of the petition within 60 days the board of directors shall deny the petition.

9298. Upon the making of an order approving the petition, the directors shall fix a time and place of hearing on the petition, and shall cause notice of the hearing to be published in the manner and for the time provided for publication of notice of hearing on formation of the district.

9299. The notice shall state the purpose of the petition, the time and place of hearing, and describe the boundaries of the tract or tracts proposed to be included in the district. The notice shall state that the report of the county boundary commission is favorable and shall notify all interested persons to appear at the hearing and state their objections.

9300. The time of hearing shall be the time of the next regular meeting of the directors following the expiration of the time required for publication of the notice. The place of hearing shall be the place of regular meeting of the directors.

9301. The directors shall hear the petition and objections thereto at the time and place specified or at such other time or place to which the directors may adjourn the hearing.

9302. Any person may request in writing or appear and ask that his lands be excluded from the proposed addition to the district. Any person may request in writing or appear and ask that his lands be included if those lands be outside of but within the general area of the proposed addition to the district.

9303. The directors shall grant such exclusions and may grant such additions to the proposed addition to the district as are requested, and which, in the opinion of the board, will be of general benefit.

9304. If the petition is granted the directors shall make and enter in their minutes an order changing the boundaries of the district. A copy of the order shall be filed with the county recorder of each county in which any portion of the district is situated and certified copies of the order shall be transmitted to the commission and to the Secretary of State.

9305. From and after the entry of the order in the minutes of the directors the district with its new boundaries constitutes the district for all purposes.

9306. In addition to the authority granted in Section 9290 to request the inclusion of a tract in the district not less than 25 landowners, or 51 percent if there are less than 50 landowners in the proposed area, may petition the board of supervisors of the principal county requesting the inclusion of the tract in the district. The petition shall describe the boundaries of the tract proposed to be included.

9307. The provisions of Sections 9281 to 9303, inclusive, shall apply whenever a proposal and petition is presented pursuant to Section 9306, except that the board of supervisors shall act in the place of the directors.

9308. If the board of supervisors determines that the inclusion of the lands sought to be included is for the best interests of the district and will be of benefit to the lands included, the board shall approve the petition and transmit it and a copy of the resolution of approval to the directors.

9309. Upon receipt of the approved petition from the board of supervisors, the board of directors shall call a special election or include their proposal in a general election if such general election is to be held within 60 days in the area proposed to be included on the question of inclusion.

9310. At the special election, the proposition voted upon shall be "For inclusion of lands" and "Against inclusion of lands" or words equivalent thereto. The election shall otherwise be noticed and held to conform to the provisions relating to the elections on formation.

9311. The notice of the election shall describe the lands sought to be included.

9312. Any elector residing in the area proposed to be included may vote at an election on the inclusion thereof. If a majority of votes cast are against inclusion, the board of directors shall deny the petition. If the majority of the votes cast are in favor of inclusion the board of directors shall grant the petition.

9313. If the petition is granted the board of directors shall make and enter on their minutes an order changing the boundaries of the district. A copy of the order shall be filed with the county recorder of each county in which any portion of the district is situated and certified copies of the order shall be transmitted to the commission and to the Secretary of State.

9314. From and after the entry of the order in the minutes of the board of directors the district with its new boundaries constitutes the district for all purposes.

9315. In addition to the authority granted in Sections 9291 to 9314, inclusive, if all land sought to be included within the district by an owner of record is owned by one person, one corporation, or any other single legal entity, or if not owned by a single person or legal entity, if title to such land is held jointly, within 30 days after receiving the county boundary commission's report, the board may, at a hearing, timely notice of which has been sent by registered mail to the owner or owners of such land as shown in the records of the recorder of the county in which the land is situated, and if none of the landowners protest, either in person or in writing, by resolution, include the land within the district. If such land is within the general work area of the district it need not be contiguous to the district.

9315.1. If the inclusion is granted the board of directors shall make and enter on their minutes an order changing the boundaries of the district. A copy of the order shall be filed with the county recorder of each county in which any portion of the district is situated and certified copies of the order shall be transmitted to the commission and to the Secretary of State.

9316. From and after the entry of the order in the minutes of the board of directors the district with its new boundaries constitutes the district for all purposes.

9317. In addition to the authority granted in Sections 9291 to 9316, inclusive, if one or more landowners request the inclusion of land owned by them, which land is contiguous to the district, the board of directors shall determine if the inclusion of such land is for the best interest of the district, and if so include the land.

9317.1. If the inclusion is granted the board of directors shall make and enter on their minutes an order changing the boundaries of the district. A copy of the order shall be filed with the county recorder of each county in which any portion of the district is situated and certified copies of the order shall be transmitted to the commission and to the Secretary of State.

9318. From and after the entry of the order in the minutes of the board of directors the district with its new boundaries constitutes the district for all purposes.

#### Article 10.5. Exclusion of Land

9317. Territory which becomes subdivided, which territory is a part of a district, may, when a final map or record of survey map thereof has been recorded or filed in full compliance with the Subdivision Map Act with the county in which such territory is located, be excluded from the district by joint action of the district board and of the board of supervisors of the principal county of the district.

#### Article 11. Dissolution

9320. A district may be dissolved by the board of supervisors of the principal county as provided in this article.

9321. A petition requesting dissolution of a district and signed by not less than 100 landowners of the district, or 51 percent if there are less than 200 landowners in the district, may be presented to the board.

9322. The board shall determine the sufficiency of the petition and may refer it for certification to the assessor or assessors, who shall certify it in the manner provided for in proceedings on organization.

9323. If the board determines that the petition is insufficient it shall deny it. Otherwise it shall fix a time and place for hearing on the petition.

9324. If the petition is found sufficient, the board shall cause to be published a notice of the time and place of hearing on the petition. The time of hearing shall be the time of the next regular meeting of the board after the completion of publication of the notice and the date shall be specified in the notice.

9325. The notice shall be published at least once a week for two successive weeks in a newspaper of general circulation published in the principal county and also in some newspaper of general circulation published in each other county in which any part of the district lies.

9326. The board shall transmit to the commission a notice of the receipt of the petition and a copy of the notice of hearing on the petition. The commission shall advise the board as to the judgment of the commission regarding the proposed dissolution.

9327. At the hearing the board shall hear and consider all evidence and testimony in favor of or in opposition to dissolution, and shall consider the advice of the commission.

9328. If the board denies the petition its action is final.

9329. If the board does not deny the petition it shall cause an election to be held in the district on the question of dissolution. The election shall be noticed, conducted, and the results determined in the manner provided for elections on formation of districts, except that the ballot shall contain the propositions "For dissolution of district" and "Against dissolution of district" or words equivalent thereto.

9330. Any qualified elector residing in the district may vote at an election under this article.

9331. If at the election less than 51 percent of the votes cast are in favor of dissolution the board shall declare the election lost and enter an order to that effect and denying the petition.

9332. If at the election 51 percent or more of the votes cast are in favor of dissolution the board shall make and enter an order declaring the district dissolved and thereupon the district is dissolved.

9333. The board of supervisors of the principal county shall wind up the affairs of a dissolved district and may do anything necessary to accomplish that purpose.

9334. If, upon dissolution, there are any outstanding obligations of the district the board of supervisors of the principal county shall determine the amount of the assessments required to be levied to pay such outstanding obligations. The board of supervisors of each county in which any part of the district lies shall levy assessments sufficient to pay the outstanding obligations.

9335. Upon the completion of the winding up of the affairs of a district the real property of a district shall become the property of the county in which it is situated. The personal property belonging to the district shall be sold by the board of supervisors of the principal county and the proceeds of such sale and any other money of the district remaining after the payment of all of the obligations of the district shall be paid to the general funds of each of the counties in which any part of the district lies in the proportion which the assessed value of the land in the county bears to the total assessed value of all of the land within the district as determined by the assessment rolls.

#### CHAPTER 4. DISTRICT FINANCE

##### Article 1. Regular Assessments

9350. The directors, on or before the fifteenth day of August of each year, shall furnish the auditor and the board of supervisors an estimate in writing of the amounts of money to be raised by assessment which is needed for the purposes of the district for the next ensuing fiscal year.

9351. If the district lies in more than one county the directors shall divide the amount of the estimate in the proportion to the value of the land in the district lying in each county. The value shall be determined from the last assessment rolls of the counties. The directors shall furnish the auditors and boards of supervisors of each of the respective counties a statement of the part of the estimate apportioned to the county.

9352. The total amount of the estimate shall be sufficient to raise the amount of money necessary during the ensuing year to pay the incidental expenses of the district, the costs of the work which the directors may deem advisable to be done during the ensuing year, the estimated costs of repairs to and maintenance of the property and works of the district, and the estimated expenses of any action or proceeding to which the district is or may be a party, including the cost of employing engineers and attorneys.

9353. Assessments levied pursuant to this article shall be known as regular assessments.

9354. The regular assessment in any one year shall not exceed two cents (\$.02) on each one hundred dollars (\$100) of assessed valuation of the land, exclusive of improvements and mineral rights, within the district. The valuation shall be determined according to the last assessment roll, reduced proportionately when mineral rights are involved.

9355. The board of supervisors of each county in which there lies any portion of the district shall, annually, at the time of levying county taxes, levy an assessment on the land exclusive of improvements, standing timber, both mature and immature, and mineral rights, within the county and within the district to be known as the "----- (name of district) soil conservation district assessment," sufficient to raise the amount reported to them in the estimate of the directors; provided, however, that no single assessment levied hereunder against any single municipal or public utility landowner shall be in excess of ten dollars (\$10) in any year.

9356. The board shall determine the rate of assessment by deducting 15 percent for anticipated delinquencies from the total assessed value of the land in the district and in the county and then dividing the sum required to be raised by the remainder of the total assessed value. If a fraction of a cent occurs in a valuation of one hundred dollars (\$100) it shall be taken as a full cent.

9357. If the board fails to levy the assessment the auditor of the county shall do so, providing the directors have requested the assessment.

9358. The assessment shall be computed and entered on the assessment roll by the auditor.

9359. The provisions of law relating to the levy and collection of county taxes and the duties of county officers with respect thereto, insofar as they are applicable and not in conflict with this chapter, are hereby adopted and made part of this chapter. Said officers are liable on their several official bonds for the faithful discharge of their duties under this chapter.

9360. The treasurers of each of the counties, other than the principal county, shall, not less than twice a year or upon order of the directors, settle with the directors

and pay to the treasurer of the principal county all money belonging to the district and in their possession.

9363. If during the current fiscal year the directors are not, by reason of the fact that no assessment has been levied, collecting a regular assessment levied during the year immediately preceding, then notwithstanding other provisions of this code, the board of supervisors in each county in which a soil conservation district, or a portion thereof is located may, upon a showing by the directors that funds are needed for the purposes of the district for the current year, appropriate money from the general fund of the county for the use of said district in an amount equal, during any one year, to the amount which said district could have raised by assessment, as limited by this code, in said current year, or so much thereof as may be required. This provision shall not be deemed to prohibit the board of supervisors from appropriating to such districts sums in excess of these amounts.

#### Article 2. District Fiscal Procedure

9400. The treasury of the principal county is the depository of all of the funds of the district.

9401. The treasurer of the principal county shall receive and receipt for all money of the district and place the same to the credit of the district. He is responsible on his official bond for the safekeeping and disbursement, in the manner provided in this article, of the money of the district held by him.

9402. The treasurer shall pay out money of the district only upon warrants of the county auditor, drawn upon order of the board of directors signed by the president and attested by the secretary.

9403. The treasurer shall report in writing at each regular meeting of the directors and as often at other times as the directors may request the amount of money on hand, and the receipts and disbursements since his last report. The report shall be verified and filed with the secretary.

9404. The directors or other officers or employees of a district shall have no power to incur any indebtedness or liability in excess of the amount of money available under the provisions of this division. Any debt or liability incurred in excess of the express provisions of this division is void. 9506. The board of supervisors of each county shall canvass the returns of the election and certify the results to the board of supervisors of the county in which is situated all or the greatest portion of the lands of the proposed consolidated district.

9507. If a majority of the votes cast in each district is in favor of consolidation, the board of supervisors of the county in which all or the greatest portion of the lands of the proposed consolidated district is situated shall declare by resolution entered on its minutes that the districts are consolidated into one district, and give it a name.

9508. The board of supervisors shall cause the certified copy of the resolution of consolidation to be recorded in the office of the county recorder of each of the counties in which any portion of the consolidated district is situated and shall file a certified copy of the resolution with the commission and with the Secretary of State, and shall furnish a copy of the resolution to each of the boards of directors of the districts consolidated. From and after the filing of the resolution with the Secretary of State, the consolidated district will be deemed formed as a single district, with all of the rights, privileges and powers of a district.

9509. The county clerk of the county in which is situated the greatest portion of the consolidated district shall, upon their election, execute and deliver to each person elected as a director of the consolidated district a certificate of election.

9541. A copy of the resolution shall be forwarded to the board of supervisors of the principal county of the district and to the board of supervisors of each other county in which any portion of the district is situated, and to the commission.

9542. The board of supervisors first shall request the commission to investigate the proposed partition, particularly with reference to the location of boundaries and the practicability and feasibility for effecting a soil and water conservation program in each of the partitions within the provision of this division.

9543. The commission shall make the requested investigation and report thereon as soon as practicable and a copy furnished the county boundary commission and the district.

9544. Upon receipt of the report of the State Soil Conservation Commission the board of supervisors shall submit the proposed partition to the county boundary commission of each county in which any part of the district is located.

9545. The county boundary commission shall consider the proposed partition and shall hold a public hearing with respect thereto if one is requested and if, in the discretion of the chairman or a majority of the members of the county boundary commission, a hearing would be in the public interest.

9546. In considering such a proposal, the county boundary commission shall compare the proposed partition boundaries with those of other districts within the county and shall ascertain the extent to which overlapping or conflicting boundaries may result from the proposal, and may consider any factors that it may regard inimical to the public interest.

9547. Within 30 days after the submission of each proposal to it, the county boundary commission shall make its report and recommendations with respect thereto. This report shall be filed with the board of supervisors to which the proposal was submitted and a copy furnished the district and the State Soil Conservation Commission.

9548. Within 30 days after receiving the report of the county boundary commission on a proposed partition, the board of supervisors shall consider the matter and

If such a hearing is set, it shall be conducted in accordance with the procedure outlined in Article 3 of this chapter.

9549. Upon the making of an order granting the partition of a district, the board of supervisors of the county in which all or the greatest portion of the lands of the original district are situated, shall call a special election at which there shall be submitted to the qualified electors of the district the question whether or not the district shall be partitioned and for the election of the first board of directors of each of the partitioned districts. Such election to be conducted as nearly as practicable in conformity with Article 4 of this chapter.

From and after the filing of the resolution with the Secretary of State, the partitioned districts will be deemed formed, with all the rights, privileges and powers of a district.

9551. The directors elected at the partition election shall qualify by taking the oath of office. The directors so elected and qualified shall take office and organize themselves as their respective boards of directors in the manner prescribed for organization of directors of newly formed districts. Until all of the directors of each of the new districts shall have been so organized, the original district shall continue in being.

9552. Each new district shall succeed to the ownership of all real property of the original district situated within each of the new districts.

9553. All other property and assets of the original district shall be apportioned among the new districts in such proportion to the current assessed value of all property which is taxable for district purposes within the new district, as they bear to the total assessed value of all property which is taxable for district purposes within the original district. Any obligations of the original district shall be borne by the new district in like proportions, unless otherwise apportioned by mutual agreement.

9554. Within 30 days of the qualification and organization of all the boards of directors of the partitioned districts, the board of directors of the original district shall hold a final meeting to wind up the affairs of the district and all records, documents, property, funds, obligations, and other possessions of the district shall be transferred, delivered, granted, or otherwise assigned to the respective partitioned districts. At the adjournment of the final meeting, the positions of the directors of the original district shall be terminated.

#### CHAPTER 6. CHANGING NAME OF DISTRICT

9600. A district may change its name by action of the board of supervisors of the principal county as provided by this article.

9602. A copy of the resolution shall be forwarded to the board of supervisors of the principal county with the request that the name of the district be changed to the stated name.

9603. The board of supervisors of the principal county shall consider this request at their next regular meeting and may grant or deny the request. Their action shall be officially recorded in their minutes.

9604. If the action of the board of supervisors on this request is negative, they shall forward a copy of the resolution to the board of directors initiating the request.

9605. If the action of the board of supervisors on this request is favorable, they shall cause certified copies of the resolution to be forwarded to the board of directors initiating the request, the boards of supervisors of all the other counties in which any portion of the district lies, the State Soil Conservation Commission, and the Secretary of State.

9606. On acknowledgment of the change of name by the Secretary of State, the name of the district shall be considered changed.

#### CHAPTER 7. TRANSFERRING LANDS FROM ONE DISTRICT TO ANOTHER

9700. One district may transfer land within its boundaries to a district contiguous thereto in the manner prescribed in this chapter.

9701. The proposal for the transfer of land from one district to another shall be submitted to the board of supervisors of the county in which all or the greatest portion of the land proposed to be transferred is situated.

9702. The board of supervisors shall first request the commission to investigate the proposal particularly with reference to the location for boundaries and the practicability and feasibility for effecting a soil conservation program of those lands proposed to be transferred.

9703. The commission shall make the requested investigation and report to the board of supervisors thereon as soon as practicable,

9704. Upon receipt of the report the board of supervisors shall submit the proposal to the county boundary commission of each county in which land to be transferred is located.

9705. The county boundary commission shall consider the proposal and hold a public hearing with respect thereto if one is requested, and if, in the discretion of the chairman or a majority of the members of the county boundary commission, a hearing would be in the public interest.

9706. In considering the proposal, the county boundary commission shall compare the boundaries as proposed to be changed with the boundaries of soil conservation and other districts within the county, and shall ascertain the extent to which overlapping or conflicting boundaries may result from the proposal, and may consider any factors that it may regard inimical to the public interest.

9707. Within 30 days after the submission of such a proposal, the county boundary commission shall make its report and recommendation with respect thereto. This report shall be filed with the board of supervisors and a copy furnished to the proponents of the proposal, the district affected, and the soil conservation commission.

9708. Within 30 days after receiving the report of the county boundary commission, the board of supervisors shall consider the proposal and advise the proponents thereof in writing of any changes in the proposed boundaries believed to be in the public interest. The recommendations of the board of supervisors or its findings that the proposed boundaries are satisfactory shall be accompanied by copies of the report from the county boundary commission, and the state soil conservation commission. A copy of the board of supervisors' determination shall be sent to the county boundary commission and the soil conservation commission.

9709. Upon receipt of the report, the proponents shall consider the recommendations of the board of supervisors and may make any modifications recommended by the county boundary commission or the board of supervisors.

9710. If the proponents decline to accept any recommendations or modifications specified by the county boundary commission or the board of supervisors and file a statement of reasons therefor, the board of supervisors shall, within 10 days, reconsider the boundaries proposed by the proponents as to whether the boundaries are or are not acceptable. A copy of the reasons shall also be sent to the county boundary commission and to the state soil conservation commission by the proponents.

9711. If the board of supervisors in its report finds that the proposed boundaries are satisfactory, or if the board of supervisors upon reconsideration finds that the boundaries are acceptable, the proponents may circulate a petition to transfer lands from one district to another.

9712. The petition for the transfer of lands from one district to another shall be submitted and heard in the manner prescribed in this division for the inclusion of lands in a district, except that the board of supervisors of the county in which all or the greatest portion of the land proposed to be transferred is located shall act in place of the board of directors.

9713. If the petition is granted, the board of supervisors shall make and enter in their minutes an order changing the boundaries of their district. A copy of the order shall be filed with the county recorder of each county in which any portion of the districts affected is situated, and certified copies of the order shall be transmitted to the commission and to the Secretary of State.

9714. From and after entry of the order on the minutes of the board of supervisors, the land shall be deemed transferred from one district to the other, and shall constitute a part thereof as though it were originally included therein in the formation proceedings.

9715. If, upon the transfer of lands from one district to another there are any outstanding obligations against land because of its being a part of the district from which it was transferred, the board of supervisors of the principal county of the former district shall determine the amount of the assessments required to be levied to pay those obligations and the board of supervisors of each county in which the lands transferred are located shall levy and collect assessments on the lands located therein sufficient to pay the obligations outstanding against that land.

#### CHAPTER 8. FEDERAL AID PROJECTS

9801. In order to carry out the purposes of the Soil Conservation and Domestic Allotment Act enacted by the Congress of the United States, the State Soil Conservation Commission (hereinafter referred to as "commission") is hereby designated as the agency of the State of California to administer any state plan authorized by this chapter which shall be approved by the Secretary of Agriculture of the United States (hereinafter referred to as the "Secretary of Agriculture") for the State of California pursuant to the provisions of the Soil Conservation and Domestic Allotment Act.

9802. The commission is hereby authorized, empowered and directed to formulate and submit to the Secretary of Agriculture, in conformity with the provisions of the Soil Conservation and Domestic Allotment Act, a state plan for each calendar year beginning with the year 1949. It shall be the purpose of each such plan to promote such utilization of land and such farming practices as the commission finds will

tend, in conjunction with the operation of such other plans as may be approved for other states by the Secretary of Agriculture, to preserve and improve soil fertility, promote the economic use of land, diminish the exploitation and wasteful and unscientific use of natural soil resources, and re-establish and maintain the ratio between the purchasing power of the net income per person on farms and that of the income per person not on farms as defined in subsection (a) of Section 7 of the Soil Conservation and Domestic Allotment Act. Each such plan shall provide for adjustments in the utilization of land and in farming practices, through agreements with producers or through other voluntary methods, and for benefit payments in connection therewith, and also for such methods of administration not in conflict with any law of this State and such reports as the Secretary of Agriculture finds necessary for the effective administration of the plan and for ascertaining whether the plan is being carried out according to its terms.

9803. Upon the acceptance of each such plan by the Secretary of Agriculture, the commission is authorized and empowered to accept and receive all grants of money made pursuant to the Soil Conservation and Domestic Allotment Act for the purpose of enabling the State to carry out the provisions of such plan, and all such funds, together with any moneys which may be appropriated by the State for such purpose, shall be available to the commission for expenditures necessary in carrying out the plan, including administrative expenses, expenditures in connection with educational programs in aid of the plan, and benefit payments.

9804. In carrying out the provisions of each such plan, the commission shall have power: to employ such agents or agencies, and to establish such agencies, as it may find to be necessary; to cooperate with local and state agencies and with agencies of other states and of the Federal Government; to conduct research and educational activities in connection with the formulation and operation of such plan; to enter into agreements with producers, and to provide by other voluntary methods, for adjustments in the utilization of land and in farming practices, and for payments in connection therewith in amounts which the commission determines to be fair and reasonable.

9805. For the purpose of carrying out each such plan according to its terms, the commission is hereby authorized to delegate any of the powers herein conferred to such agents or agencies as may be designated by the commission and approved by the Secretary of Agriculture.

9806. The commission shall render for each year an annual report to the Governor, who shall transmit a copy thereof to each house of the Legislature, covering its administration of such plan and all operations thereunder, including also the expenditure of funds, and each such report shall be printed as a public document promptly upon its transmittal to the Governor.

9807. Nothing herein shall be construed or operate to impose any obligation or liability upon the commission or other than as herein specified.

SEC. 3. The Division 9 of the Public Resources Code added by this act, insofar as it is substantially the same as the Division 9 of that code repealed by this act, shall be construed as a restatement and continuation of the existing law and not as a new enactment.

SEC. 4. All persons who, at the time this act goes into effect, hold office under the Division 9 of the Public Resources Code repealed by this act, and whose offices are continued by the Division 9 of the Public Resources Code added by this act, shall continue to hold their offices according to the former tenure thereof the same as though the Division 9 of the Public Resources Code repealed by this act had not been repealed.

SEC. 5. to the number of consecutive weeks thereafter equal to the number of weeks for which payment is made.

If such pay is not computed at a weekly rate for a specific number of weeks then the number of weeks of ineligibility for benefits under this section shall be determined by dividing the sum paid by an amount equal to the individual's weekly rate of pay based on a 40-hour week, as of the time of his termination, and the resulting product shall be the number of weeks for which such individual is ineligible for benefits under this section.

**OPINION OF LEGISLATIVE COUNSEL**

STATE OF CALIFORNIA, OFFICE OF LEGISLATIVE COUNSEL

SACRAMENTO, April 28, 1953

*Honorable Edwin J. Regan*

*Senate Chamber*

*Senate Bill No. 1653—No. 9300*

DEAR SENATOR REGAN: You have asked if the enactment of Senate Bill No. 1653, as amended in the Senate April 1, 1953, would permit the Department of Finance to file applications to appropriate all of the unappropriated water in the State and thereby preclude indefinitely the appropriation of water by any other entity.

Under the present law, the Department of Finance is required to file an application to appropriate water "which in its judgment is or may be required in the development and completion of the whole or any part of a general or coordinated plan looking toward the development, utilization, or conservation of the water resources of the State" (Sec. 10500, Wat. C.).

The law now provides that any application filed by the Department of Finance within 90 days after July 29, 1927, has priority as to that date and such priority shall be retained over any other application, regardless of any requirements or provisions relating to diligence in the completion of applications for water or the use thereof, until October 1, 1955 (Sec. 10501 Wat. C.).

Further, the present law specifically provides for the publishing of notice by the Department of Finance of the intent to file on an amount of water necessary "to the development of any part or unit of a general or coordinated plan" and that in the event of publication the notice shall preserve, as of the date of publication, the priority of any application made and filed subsequently by the Department of Finance for the benefit of such part or unit prior to October 1, 1955 (Sec. 10503 Wat. C.).

Section 10502 of the Water Code provides that any such priority may be maintained and extended by further legislative enactment.

Generally speaking, Senate Bill No. 1653 would ratify all actions and proceedings taken in connection with applications heretofore filed and provide for future establishment of priorities by means of filing applications (as distinguished from publication of notice of intent), which applications would have priority as of date of filing over any other applications made and filed subsequent thereto. Statutory requirements in Part 2 of Division 2 of the Water Code (relating to the appropriation of water) as to diligence would not apply to such applications until they were assigned.

It is true that if Senate Bill No. 1653 was enacted, the Department of Finance might conceivably file on all of the unappropriated water of the State, if it determined the water to be required in the development and completion of the whole or any part of a general or coordinated plan looking toward the development, utilization, or conservation of water resources of the State. However, this would be equally true under the present law.

The principal change that would be effected by the enactment of Senate Bill No. 1653, as applied to your question, relates to the question of diligence.

Under the present law, the priorities and exemption from requirements of diligence is effective only until October 1, 1955. Thus, if this time is not further extended, those priorities and exemptions would expire after October 1, 1955. On the other hand, if Senate Bill No. 1653 is enacted, the requirements as to diligence would be eliminated indefinitely with respect to all such applications and, assuming that the Department of Finance had properly filed on all of the unappropriated water of the State, any other appropriations of water would be subject to those applications indefinitely, until such time as the Legislature might restore the requirements as to diligence.

Very truly yours,

RALPH N. KLEPS, Legislative Counsel  
By GEORGE H. MURPHY, Deputy

Two copies to Hon. George J. Hatfield pursuant to Joint Rule 34.

There is no law in this State which prohibits the wanton shooting of an undomesticated burro and simply leaving it to die. These little animals are descendants of domesticated burros and while they are "wild" in the sense that they are free from man's dominion, they do not possess the instinctive fear of man that is common to truly wild animals. The undomesticated burros live principally in the desert areas of the State and each year numbers of them are wantonly and purposelessly wounded or killed simply because they present inviting and unresisting targets for high-powered rifles in the hands of trigger-happy individuals bereft of any proper spirit of humaneness. The surviving little bands of undomesticated burros form a living link with the pioneer development of this State in which their forebears played a humble but essential part. In order that such burros may be preserved from extinction it is necessary that this act take effect immediately."

### PROCEEDINGS UNDER CALL OF THE SENATE MESSAGES FROM THE GOVERNOR

STATE OF CALIFORNIA, GOVERNOR'S OFFICE  
SACRAMENTO, May 2, 1953

*To the Honorable Members of the Senate  
State of California  
Sacramento, California*

#### GREETINGS:

I am returning herewith, without my signature,

**Senate Bill No. 1662**, entitled: "An act to amend Sections 58853, 58854, 58855, 58857 and 58859 of, and to add Sections 58850.1, 58855.1 and 58855.2 to, the Government Code, relating to change of district boundaries."

My objections to this bill are as follows:

This bill amends various sections of the Government Code relating to the jurisdiction of the county boundary commission in the changing of district boundaries. At present the jurisdiction of this commission to report on the desirability of the formation or change of boundaries of districts within a county is limited to those districts a change in boundary of which requires the approval of the Board of Supervisors, exclusive of school districts. This bill deletes the requirement that the proposals to be reported upon by the boundary commission are limited to those requiring approval by the Board of Supervisors.

It would make the jurisdiction of the county boundary commission extend to the formation of or the change of boundaries in any district other than those expressly excluded that are or may be supported by taxes or special assessments. Expressly excepted from the operation of the bill would be school districts, irrigation districts, metropolitan water districts, municipal water districts, California water districts, reclamation districts, water conservation districts, and county water authorities. As the bill originally passed the Senate there was also excluded from its effect municipal utility districts, public utility districts, and county water districts.

On the floor of the Assembly this bill was amended to bring these three districts within its scope. Because of this fact objection to this bill is made by the East Bay Municipal Utility District, the Sacramento Municipal Utility District, the Shasta Dam Area Public Utility District, Enterprise Public Utility District, Summit City Public Utility District, Buckeye County Water District, the Irrigation Districts Association of California, and the California Municipal Utilities Association. It is pointed out that there is no reasonable distinction between municipal utility districts, public utility districts, and county water districts which are made subject to the act, and the other districts which are exempted in the act, and that it is discriminatory so far as these districts are concerned, as well as burdensome as a matter of procedure.

The League of California Cities also objects on these grounds and on the further ground that it subordinates municipal annexations under certain circumstances to the jurisdiction of the county boundary commission.

All of the protestants state that they are taken by surprise because of the manner of amending the bill on the floor of the Assembly after it had passed the Senate and the appropriate committee of the Assembly. They also state that if the issue had been raised in committee they would have opposed the amendment and would have been able to show good cause for its defeat. I am of the opinion that full consideration was not given to that phase of the legislation because the bill passed unanimously in both houses and the Assembly amendments were unanimously concurred in, in the Senate.

I am told that there are two other bills pending, one by the same author, that can be used to accomplish the purpose of this bill without the discrimination complained of.

I believe it should also be pointed out that there is a serious question of constitutionality arising out of the fact that this bill is made applicable to every county of the State except the County of Los Angeles. It is difficult to see how the general principle which precludes the classification of counties in the absence of some valid basis for distinction

would not prevent the classification here attempted. Likewise, it is difficult to understand why such distinction should be made. If the county boundary commission should have jurisdiction in the other counties of the State, it would seem reasonable that it should have the same jurisdiction in Los Angeles County as well.

Respectfully submitted,

EARL WARREN, Governor

Message read.

Senate Bill No. 1662 ordered to the unfinished business file.

Any water conservation district heretofore or hereafter organized is authorized and empowered to cooperate and contract with the United States either under the Federal Reclamation Act of June 17, 1902, and all acts amendatory thereof or supplementary thereto, or under any other act of Congress heretofore or hereafter enacted authorizing or permitting such cooperation or contract, for purposes of acquisition and/or construction of works authorized by this act to be acquired or constructed, or for a water supply, or for the acquisition and/or disposal of water and/or water rights and/or water storage or conservation facilities and rights, and any interest in such water, water rights, or water storage or conservation facilities, or the acquisition or construction of works for any useful purpose, or for any or all thereof, *or for the investigation, study, or preparation of proposals or plans for any or all thereof, or to obligate the district to repay to the United States advances of funds made by the United States to the district for any or all thereof, or for the assumption as principal or guarantor of indebtedness to the United States, and to carry out and perform the terms of any contract so made.*

The term "United States" as used in this act shall include besides the United States, any board, bureau, agency, office or officers, department or corporation of the United States.

The board of directors shall generally perform all such acts as shall be necessary to exercise the authority conferred by this section, except that if the issuance of bonds of the district is necessary for such purposes, the said bonds shall be voted upon and issued in the manner provided in this act for the incurring of bonded indebtedness of the district.

In case any contract is made with the United States, bonds of the district which have been authorized, or which may be authorized, in furtherance of said contract, may be transferred to or deposited with the United States, at not less than their par value, to the amount or any part thereof to be paid by the district to the United States, and interest or principal, or both, of said bonds may be legally paid to the United States and applied as provided in the contract. The board of directors may accept on behalf of the district appointment of the district as fiscal agent of the United States, or authorization of the district by the United States to make collection of money for, and on behalf of, the United States, and to assume the duties and liabilities incidental thereto, and the said board shall have full power to do any and all things required by the federal statutes now or hereafter enacted in connection therewith, and all things required by any rules or regulations now or hereafter established under any said federal statutes.

Where a contract shall have been entered into between the district and the United States, the contract may provide that the district shall not be dissolved nor shall the boundaries be changed except upon the written consent of an official of the United States filed with the official records of the district. If such consent be given and the lands excluded the area excluded shall be free from all liens and charges for payments to become due to the United States under any such contract.

As whole or partial consideration for any privileges obtained by the district under any contract with the United States, any rights of way or rights to water or to the property owned or acquired by the district may be conveyed by the board of directors to the United States insofar as the same may be needed for the construction, operation and maintenance of works by the United States for the benefit of the district, pursuant to such contract.

SEC. 3. Section 28 of the Water Conservation Act of 1931 is amended to read:

Sec. 28. The board of directors must, on or before the fifteenth day of August of each year, furnish the board of supervisors and the auditor of the county wherein the district is situated, or if such district is not entirely within one county, then, as herein-after provided, to the supervisors and auditors of each county in which any portion of the district is situated, an estimate in writing of the amount of money needed for the purposes of the district for the ensuing fiscal year. This amount must be sufficient to raise a sum of money which shall be sufficient to pay the incidental expenses of the district, and the costs of the work of spreading and sinking waters which the board of directors may deem advisable to be done during the ensuing year: the estimated costs of repairs to and maintenance of any property or works of the district, *the amount of any indebtedness of the district currently due or to become due in the next fiscal year, the estimated amount necessary for the payment of the costs of any action or proceeding which may be taken by the district, including the cost of employment of attorneys and engineers; and if bonds have been voted by the district the board of directors shall include in said estimate an amount sufficient to pay the interest due or that will become due on all outstanding bonds of the district on the first day of the next ensuing January,*

and the first day of the next ensuing July, or that the board of directors believes will become due on either or both of said dates on bonds authorized but not sold; also sufficient to pay the principal of all bonds of the district that have matured or that will mature before the close of the next ensuing calendar year; and also if said district shall have voted a special assessment as provided in Section 35 hereof, the board shall include in said estimate the amount of the installment of said special assessment to be levied each year; and such estimate may also include such an amount as the board of directors may deem advisable to expend in the acquisition or construction of settling basins, wells, dams, reservoirs and other works for the storing, spreading and sinking of waters, together with canals, ditches, conduits and necessary rights of way for use of all such works; provided, however, that if at the time of making said estimates herein referred to the district shall not have voted a special assessment as provided for in Section 35 hereof and said district shall not have voted bonds as in this act provided, then the assessment levied during any year for the raising of said funds shall not exceed [1½] *two and one-half* ( $2\frac{1}{2}$ ) mills on each one hundred cents (\$1) of the assessed values of the lands within the district, according to the last assessment rolls, but if a special assessment has been voted or if bonds have been voted by the district then the assessment for the payment thereof shall be in excess of the [1½] *two and one-half* ( $2\frac{1}{2}$ ) mills on each one hundred cents (\$1) of the assessed values of the lands within the district.

Sec. 36. The district may incur a bonded indebtedness for any purpose for which the board of directors is authorized to expend the funds of the district in the manner in this act set forth, *including any works, property or rights, contract or otherwise, acquired under or pursuant to the provisions of Sections 20, 20.5, 20.6, and 20.7 of this act, or the refunding of any obligations incurred pursuant to said sections of this act.*

The board of directors, whenever the interest of the district shall require, may cause a report to be made to the effect that the acquisition of certain property or works or the construction of such works is convenient or necessary to serve or fulfill the purpose for which the district exists and that the cost of such property or works cannot be paid for out of the annual revenue of the district. Such report shall be in such detail and be accompanied by such exhibits as will disclose the purpose sought to be accomplished and the means to be employed therefor. Such report shall be printed in convenient form for distribution to the electors of the district.

Several propositions may be submitted at the same election. None but qualified electors of the district shall be permitted to vote at such election.

A notice shall be given of such election by publication in a newspaper of general circulation published in the district once a week for at least three weeks if published in a weekly or semiweekly newspaper or for at least 10 days if published in a daily newspaper and the first publication shall be at least 30 days prior to the date fixed for the election.

Such notice shall state the time and place for holding the election, the names or numbers of election precincts, which may be the general election precincts established by the boards of supervisors for general state or county elections, or a consolidation of such precincts, or such other special precincts for the purpose of such bond election as the board of directors of such water conservation district may designate and establish, the location of the polling places and the names of the election officers appointed to conduct such election. Such notice shall also state the amount of the debt that it is proposed to incur, a brief statement of the purpose thereof and refer to the report hereinbefore provided to be made for further particulars, the number of years the bonds or any part thereof are to run before the maturity thereof and the maximum rate of interest such bonds shall bear.

The manner of holding and conducting such election, the selection of officers to conduct the same, the designation of precincts and polling places, the preparation of ballots and the receipt, counting and return of the same, and the canvassing and determining the results thereof shall be as provided for the election of directors as provided in this act as nearly as practicable, and in particulars not so provided shall be in accordance with the general laws of the State relative to elections whereat propositions are submitted and voted upon. In the event that such election has been fairly held and conducted, no informality nor omission to perform a prescribed duty shall be held to invalidate or affect the legality of any bonded debt authorized to be incurred.

If two-thirds of the votes cast upon the proposition shall have been marked and counted "Bonds—Yes" or appear to favor the proposition submitted, then such proposition shall be deemed to have been accepted by the voters and to authorize the incurring of a bonded debt and the issuance of bonds therefor to the amount of and for the purpose stated in the proposition.

Thereafter the board of directors of the district may issue the bonds of the district for the whole or any part of the amount of the indebtedness so authorized, and may, from time to time, provide for the issuance of such amounts as the necessity therefor shall appear, until the full amount of such bonds authorized shall have been issued. Each separate issue shall be given a serial number or letter.

The board of directors shall, by a resolution adopted by a majority of its members, prescribe the form of the bonds and the form of the coupons attached thereto and fix the time when the whole or any part of the principal shall become due and payable. The payment of the first installment may be deferred for a period not longer than five years from the date of the bond. The bonds shall bear interest at a rate not exceeding 6 per centum per annum, payable semiannually. *The board of directors may also provide for redemption of bonds before maturity at prices determined by it. A bond shall not be subject to call or redemption prior to maturity unless it contains a recital to that effect.*

The denomination of the bonds shall be stated in the resolution providing for their issuance, but shall not be less than one hundred dollars (\$100) nor more than one thousand dollars (\$1,000). The principal and interest shall be payable in gold coin of the United States at the office of the treasurer of the county or such other place as may be designated or at either place at the option of the holder of the bond.

The bonds shall be dated, numbered consecutively, and be signed by the president of the district and attested by the secretary with the official seal of the district. The interest coupons shall bear the actual or facsimile signature of the president of the district.

The bonds as the same shall be issued may be sold at such times and in such amounts as the board of directors shall deem expedient, after a notice inviting bids therefor shall have been given by publication in a newspaper of general circulation published in the district for a period of at least 10 days prior to such sale. A certified check payable to the district for at least 5 percent of the amount of the bonds offered shall accompany each bid conditioned that the bidder will accept and pay for the bonds bid for if awarded to him, otherwise such check shall be forfeited to the district and the amount thereof paid into the treasury. In case no bids are received the bonds offered may be sold at private sale.

The proceeds arising from the sale of bonds shall be paid into the treasury of the district and placed to the credit of a special fund and expended only for the purpose for which the indebtedness was created.

It shall be the duty of the board of supervisors of the county or counties within which the district is situated to provide for the levy and collection of an assessment tax upon the lands within the district as in this act provided sufficient and in season to pay any installment of principal and all interest on the bonds that may become due during the year following the levy of such assessment tax.

At any time the board of directors may apply to the commission authorized by law to approve bonds of irrigation and other districts for certification as legal investments for savings banks or for other purposes specified in the act creating such commission and when such certification shall have been given, the bonds of the district shall be acceptable for investment and surety purposes to the same extent as are county or municipal bonds."

"Sec. 45.5. (a) If any employing unit fails to make a return as required by this act the director shall make an estimate based upon any information in his possession or that may come into his possession of the amount of wages paid for employment in the period or periods for which no return was filed and upon the basis of such estimate shall compute and assess the amounts of employer and worker contributions payable by the employing unit, adding thereto a penalty of 10 percent of the amount of contributions.

(b) If the director is not satisfied with the return or returns made by any employing unit of the amount of employer or wage-earner contributions, he may compute the amount required to be paid upon the basis of facts contained in the return or returns

or upon the basis of any information in his possession or that may come into his possession and make an assessment of the amount of the deficiency. If any part of the deficiency is due to negligence or intentional disregard of this act or the authorized rules and regulations, a penalty of 10 percent of the amount of the deficiency shall be added thereto.

(c) If the failure of the employing unit to file a return within the time required by this act and authorized regulations or if any part of the deficiency for which an assessment is made is due to fraud or an intent to evade this act or the authorized rules and regulations, a penalty of 25 percent of the amount of contributions assessed shall be added thereto.

(d) The amount of each assessment exclusive of penalty shall bear interest at the rate of one-half percent ( $\frac{1}{2}\%$ ) per month or fraction thereof from and after the last day of the month following the close of the calendar quarter for which the contributions should have been returned until the date of payment.

(e) One or more assessments may be made for the amount due for one or for more than one period and overpayments may be offset against underpayments. The director shall give to the employing unit against whom an assessment is made a written notice of the assessment. The notice may be served personally or by mail; if by mail, service of the notice of any assessment in excess of three hundred dollars (\$300) shall be made by registered mail, otherwise such service shall be made pursuant to Section 1013 of the Code of Civil Procedure and shall be addressed to the employing unit at its address as it appears in the records of the department. In case of service by mail of any notice required by this section, the service is complete at the time of deposit in the United States post office.

(f) Except in the case of [failure without good cause to file a return,] fraud or intent to evade this act or the authorized rules and regulations, every notice of assessment shall be made within three years after the last day of the month following the close of the calendar quarter during which the contribution liability included in the assessment accrued or within three years after the deficient return is filed, whichever period expires the later. An employing unit, however, may waive the limitation period herein prescribed or may consent to its extension.

(g) Any employing unit against whom an assessment is made under this section or any person directly interested may petition for reassessment within 30 days after service of notice of the assessment; provided, that an additional 30 days for the filing of a petition may for good cause be granted by the appeals board. If a petition for reassessment is not filed within the 30-day period, or within the additional period granted by the appeals board, the assessment becomes final at the expiration of the period. If a petition is filed within the time herein prescribed, the appeals board shall review the assessment and if requested by the petitioner shall, unless a hearing has previously been afforded petitioner on the same grounds as set forth in the petition for reassessment, grant a hearing before the appeals board or its duly authorized representatives, giving 10 days' notice of the time and place of the hearing. The appeals board may decrease or increase the amount of the assessment but the amount may be increased only if a 10-day notice of the increase is given by the appeals board with opportunity for hearing before the appeals board with respect to such increase. The order or decision of the appeals board upon the petition for reassessment and the assessment becomes final 30 days after service upon the petitioner of notice of the order or decision. Notices shall be served by mail addressed to the employing unit at the same address that appears on the records of the department. Such service is complete at the time of deposit in the United States mail.

(h) Assessments under this section become delinquent if not paid on or before the date they become final. There shall be added to the amount of each delinquent assessment a penalty of ten percent (10%) of the amount thereof exclusive of interest and penalties.

(i) The director may cancel any assessment or portion thereof which he finds to have been erroneously made; provided, however, that with respect to an assessment which has become final such a cancellation shall be made only upon the approval of the appeals board. *Any assessment or portion thereof based on wages heretofore or hereafter paid by the owner or tenant of a farm to his own employees for services rendered in connection with haling hay, vining peas or hulling nuts, whether such services were performed on his own land or on the land of another shall be deemed an assessment erroneously made and shall be cancelled by the director without the necessity of approval by the Appeals Board.*

Sec. 2. Section 1132 of the Unemployment Insurance Code is amended to read: 1132. Except in the case of [failure without good cause to file a return,] fraud or intent to evade any provision of this division or authorized regulations, every notice of assessment shall be made within three years after the last day of the month following the close of the calendar quarter during which the contribution liability included in the assessment accrued or within three years after the deficient return is filed, whichever period expires the later. An employing unit may waive this limitation period or may consent to its extension.

SEC. 3. Section 1136 of the Unemployment Insurance Code is amended to read: 1136. The director may cancel any assessment or portion thereof which he finds to have been erroneously made but an assessment which has become final may be canceled only upon the approval of the Appeals Board. *Any assessment or portion thereof based on wages heretofore or hereafter paid by the owner or tenant of a farm to his own employees for services rendered in connection with baling hay, vining peas or hulling nuts, whether such services were performed on his own land or on the land of another shall be deemed an assessment erroneously made and shall be canceled by the director without the necessity of approval by the Appeals Board.*

SEC. 4. Sections 2 and 3 of this act become operative only if the Unemployment Insurance Code is enacted by the Legislature at its 1953 Regular Session, and in such case at the same time as said code takes effect, at which time Section 45.5 of the Unemployment Insurance Act as amended by this act is repealed.

SEC. 5. The baling of hay, the vining of peas or the hulling of nuts by a farmer or his employees, whether such services are performed on his own land or on the land of his fellow-farmers, has traditionally been regarded as a harvesting of crops and therefore as agricultural labor in this State and the Legislature intended to respect that tradition when it exempted "agricultural labor" from the Unemployment Insurance Act, and, again when it defined the term "agricultural labor" at length. The amendment made to subdivision (i) of Section 45.5 by this statute is declaratory of the existing law insofar as it declares the specified assessments are erroneous, and is intended to reassert and implement the legislative declarations set forth in Senate Concurrent Resolution No. 48 adopted at this session."

Any water producing facility which is not producing ground water replenished by the Santa Ana River or its tributaries may be excluded by order of the board of directors from the payment of the replenishment assessment provided by this act after the filing of a verified petition by the owner of a water producing facility.

The petition shall describe the land upon which the water producing facility is located, a description of the water producing facility, and the names and addresses of the owners of the water producing facility, and shall set forth that such water producing facility is not producing ground water replenished by the Santa Ana River or its tributaries. It shall be filed with the board of directors and accompanied by a deposit with the board of the sum of five hundred dollars (\$500) to meet expenses of advertising and costs incident to the proceedings, any unconsumed balance to be returned to the petitioner.

Upon the filing of the petition, the board of directors shall cause an investigation to be made by an engineer or engineers to determine whether the water producing facility is or is not producing ground water replenished by the Santa Ana River or its tributaries. Upon completing such investigation and report two copies thereof shall be filed with the district, one copy of which shall be mailed to the petitioner. The cost and expense of such investigation and report shall be a charge against the deposit made by the petitioner.

Upon the filing of the report, the board of directors shall fix a time for holding a hearing regarding the petition and report, which time shall be not less than 25 days and not more than 75 days after the filing of the report, and shall cause a notice of the filing thereof to be published once a week for at least two weeks in one newspaper of general circulation printed and published within the district. Such notice shall state the time and the place for the holding of such hearing. The district shall also mail to the petitioner a notice of such hearing, within 10 days after the first publication of the notice of the hearing. Any owner of a water producing facility within the district may appear in person or by representative at said hearing either in behalf or in opposition to the granting of the request of said petition. If upon such hearing the board of directors determines that the petition complies with the provisions of this section, and determines and finds that such water producing facility is not producing ground water replenished by the Santa Ana River or its tributaries, the board of directors shall make an order that such water producing facility shall be excluded from the payment of the replenishment assessment as provided in this act. From the making of such order the water producing facility so excluded shall no longer pay any replenishment assessment thereafter levied but such order of exclusion shall not invalidate in any manner any replenishment assessment theretofore levied.

The exclusion provisions provided in this section apply only to exclusion of water producing facilities from the payment of the replenishment assessments authorized by this act, but do not in any manner exclude or limit the rights of the district to levy and collect a general assessment as provided in this act.

The finding and determination by said board is final and conclusive."

**Recommendation of the Governor**

In accordance with Article IV, Section 34, of the Constitution, the Governor presented the following communication recommending the consideration of Assembly Bill 361:

STATE OF CALIFORNIA, GOVERNOR'S OFFICE  
SACRAMENTO, March 11, 1953

*To the Honorable Members of the Senate  
Sacramento, California*

GENTLEMEN:

**Assembly Bill No. 361**, "An act making an appropriation for major construction, improvements, and equipment for the State Agricultural Society, declaring the urgency thereof, to take effect immediately,"

in my opinion constitutes an emergency bill within the meaning of that term as used in Section 34 of Article IV of the Constitution of the State of California, the consideration of which should not await the final enactment of the Budget Bill.

The appropriation is for \$50,000 to permit the poultry building at the California State Fair to be remodeled for art exhibits. A new poultry building will be constructed and ready for the 1953 California State Fair. In order to make use of the existing poultry building for the 1953 Fair, it will have to be remodeled. The remodeling work must begin as soon as possible in order to have the building ready for the 1953 Fair.

I therefore recommend consideration of Assembly Bill No. 361 as an emergency measure.

Respectfully submitted,

EARL WARREN, Governor

SEC. 121. The district shall advertise for two or more days in a newspaper of general circulation, printed and published in the county, inviting sealed proposals for

furnishing labor, materials and supplies for the proposed improvement before any contract shall be made.

SEC. 122. The district shall have the right to require such bonds as it may deem best from the successful bidder, to insure the faithful performance of the contract, and shall also have the right to reject any and all bids.

SEC. 123. The district may, in case of emergency, proceed at once, by a vote of not less than three members of its board, to make such repairs, or to do such other work as may be necessary to restore the electric power distribution system to working condition, without advertising for bids. The board shall cause a statement of the facts constituting the emergency to be entered in their minutes.

SEC. 124. When the board of directors of the district determines that any work of repairing, improving, renewing or extending district facilities can be done more economically and satisfactorily by day labor without letting contracts to the lowest bidder as provided in Section 120, the governing body of the district may cause the work to be done by day labor.

Any improvement for which bonds are voted under the provisions of this act, shall be made in conformity with the general description of the proposed improvement as provided for in the proceedings authorizing issuance of the bonds.

SEC. 125. The title to all property which may have been acquired for a district shall be vested in the district.

At the time fixed for the sale or leasing, bids shall be received and the board may sell or lease to the highest bidder or may reject any or all bids.

SEC. 130. Any improvement provided for in this act may be located, constructed and maintained in, along, or across any public road or highway, or publicly owned right of way in the county in such manner as to afford security for life and property; but the board shall restore, or cause to be restored, the road or highway, or publicly owned right of way to its former state, as near as may be, or in a sufficient manner not to have impaired unnecessarily its usefulness.

#### PART 6. GENERAL FINANCIAL PROVISIONS

SEC. 140. The board may control and order the expenditure of tax revenues, levied to pay the cost and expenses of maintaining, operating, extending and repairing the district's electric power distribution and transmission works or facilities, for that purpose.

SEC. 141. The board may fix and collect rates or charges for the use of the district's power distribution system, and to apply the receipts from the rates or charges to the expenses of the administration and government of the district and the use, operation and extension of the works and distribution system.

SEC. 142. Whenever the board of directors shall, by resolution, direct, the receipts may also be used to reduce the principal or interest of any bonded indebtedness that the rural power district may have.

SEC. 143. On or before the fifteenth day of August of each year the board shall by resolution determine the amount of money necessary to be raised by taxation during the fiscal year beginning the first day of July next preceding.

SEC. 144. The determination of the amount of money necessary to be raised by taxation during the fiscal year, as determined pursuant to Section 143, shall be sufficient:

(a) When taken with other revenues available for the purpose, to meet interest and sinking fund requirements on all outstanding bonded indebtedness of the district;

(b) To provide funds for the necessary expenditures for all other district purposes.

SEC. 145. At or before the time specified by Section 29120 of the Government Code for the levying of county and district taxes, the board shall furnish the board of supervisors and the auditor of each county in which any part of the district is situated a written statement of the amount of money determined by the board to be necessary to be raised by taxation pursuant to Sections 143 and 144, or if the district is situated in more than one county that part of said estimate apportioned to each county in which the district is situated.

SEC. 146. The board of supervisors of each county wherein is situated a district or any part thereof organized under the provisions of this act, must, annually, at the time of levying county taxes, levy a tax on all taxable property within the district and which is located in the county, sufficient to raise an amount reported to them as herein provided, by the board.

SEC. 147. The supervisors must determine the rate of such tax by deducting 15 percent for anticipated delinquencies from the total assessed value of the property of the district within the county as it appears on the assessment roll of the county, and then dividing the sum reported by the board as required to be raised by the remainder of such total assessed value.

SEC. 148. The tax so levied shall be computed and entered on the assessment roll by the county auditor, and if the supervisors fail to levy the tax as provided in Sections 146 and 147, then the auditor must do so.

SEC. 149. Such tax shall be collected at the same time and in the same manner as state and county taxes, and when collected shall be paid into the county treasury for the use of said district. One percent of all money paid to the treasurer for the use of the district shall be credited to the county to be expended by the county in defraying expenses incurred by county officials incidental to the handling of the funds.

SEC. 150. The provisions of the Revenue and Taxation Code of this State prescribing the manner of levying and collecting taxes and the duties of the several county officers with respect thereto, are, so far as they are applicable and not in conflict with the specific provisions of this act, hereby adopted and made a part hereof. Such officers shall be liable upon their several official bonds for the faithful discharge of the duties imposed upon them by this act.

SEC. 151. If the district is situated in more than one county, immediately after equalization and not later than the fourth Monday in August of each year, it shall be the duty of the auditor of each county wherein a district or any part thereof shall lie, to prepare and deliver to the board a certificate showing the assessed valuation of all property within the district lying in the county.

SEC. 152. If the district is situated in more than one county the total estimate provided for in Sections 143 and 144 shall be divided by the board in proportion to the value of the property within the district in each county as shown by the certificates of the auditors of each of the counties of the district made and delivered pursuant to Section 151, but if the board shall find that the assessed valuation of property in the various counties in which parts of the district are situated is on a different basis as compared with the actual value thereof, so that a division of the estimate as above provided would be inequitable, then the board shall determine by resolution the amount of said estimate which should be levied on the property within the district in each county in order that substantially the same proportion of the estimate shall be paid by owners of property of the same actual value in each county.

SEC. 153. If the district is in more than one county, the treasury of the principal county of the district shall be the repository of all the funds of the district. For this purpose the treasurers of any other counties wherein is situated a portion of said district, must, at any time, not oftener than twice each year, upon the order of the board, settle with said board and pay over to the treasurer of the principal county of the district, all moneys in their possession belonging to the district. Said last named treasurer is authorized and required to receive and receipt for same, and to place the same to the credit of the district.

SEC. 154. One percent of all money paid to the treasurer of each county of the district for the use of the district shall be credited to each county to be expended by the county in defraying expenses incurred by officials of each county incidental to the handling of the money.

SEC. 155. The treasurer of the principal county shall be responsible upon his official bond for the safekeeping and disbursement, in the manner herein provided, of these and all other moneys of the district held by him.

SEC. 156. The treasurer of the principal county shall pay out of the funds of the district only upon warrants of the auditor of the principal county authorized by claims approved by the board, signed by the president and attested by the secretary. The treasurer shall report in writing at each regular meeting of the board and as often thereafter as requested by the board, the amount of money in the treasury to the credit of the district, the amounts of receipts since his last report, and the amounts paid out; such reports shall be verified and filed with the secretary of the board.

SEC. 157. The warrants drawn by the auditor for claims approved by the board must be presented to the treasurer of the principal county, and if they are not paid on presentation, like endorsements must be made thereon, and they must be registered in like manner as warrants of the principal county and paid in the order of their registration. All warrants from the date of their registration shall bear interest at the rate of 5 percent per annum.

SEC. 176. The interest coupons of the bonds shall be numbered consecutively and signed by the auditor of the principal county by his engraved or lithographed signature.

SEC. 177. In case any officer whose signature or countersignature appears on the bonds or coupons shall cease to be an officer before the delivery of the bonds to the purchaser, the signature or countersignature shall be valid and sufficient for all purposes the same as if the officer remained in office until the delivery of the bonds.

SEC. 178. The principal and interest on the bonds shall be paid by the treasurer of the principal county in the manner provided by law for the payment of principal and interest on bonds of the county.

SEC. 179. The powers conferred on the district board in this article are, insofar as they may be necessary with respect to the authorization of bonds in connection with the formation of a district, conferred on the board of supervisors of the county in which the district is organized.

#### Article 2. Additional Bond Issues

SEC. 185. Whenever the board deems it necessary for the district to incur a bonded indebtedness in addition to that incurred at the time of the formation of the district for any of the purposes of the district, the board shall, by resolution, so declare and state the proposition to be submitted to the electors, the purpose for which the proposed debt is to be incurred, the amount of the debt to be incurred, the maximum term the bonds proposed to be issued shall run before maturity, which shall not exceed 40 years, and the maximum rate of interest to be paid, which shall not exceed 8 percent per year, payable semiannually.

SEC. 186. The board shall then fix a date upon which an election shall be held for the purpose of authorizing the bonded indebtedness to be incurred, and shall proceed with the election in accordance with Part 9 of this act.

SEC. 187. If at the election a majority of the votes cast are in favor of the incurring of the bonded indebtedness, then the board shall enter an order to that effect upon its minutes, and shall thereupon be authorized and empowered to issue the bonds of said district for the amount voted, payable out of the funds of the district.

SEC. 188. The provisions contained in Parts 6 and 7 of this act, relating to the form of bonds, the issuance and sale of bonds, the validation thereof, and the levying of a tax for the principal and interest thereof, shall apply in like manner to any additional bonds voted and issued as provided in this article.

SEC. 195. The board may issue refunding bonds of the district for the purpose of refunding any or all outstanding bonds of the district.

SEC. 196. The board shall by resolution determine the amount of the outstanding bonds to be refunded, fix the maximum amount of refunding bonds to be issued, the maximum rate of interest to be paid (which shall not exceed the rate of interest on the bonds to be refunded), and the number of years, not exceeding 30, that the refunding bonds or any part thereof are to run.

SEC. 197. In the resolution the board shall call an election and submit to the qualified voters of the district the question whether the refunding bonds should be issued.

SEC. 198. The resolution shall fix the time of the election, establish one or more voting precincts, designate the polling place or places, appoint an inspector, judge, and clerk for each precinct, and fix the hours during the day in which the polls will be open and the manner of voting for and against the issuance of the refunding bonds.

SEC. 199. In all particulars not set forth in this act the election shall be held and conducted as provided in Part 9 of this act.

SEC. 200. The resolution shall be published twice in a newspaper of general circulation in the county designated by the board for that purpose, the last publication to be at least one week before the date of the election. No other notice of the election need be given.

SEC. 201. If at the election a majority of the votes cast are in favor of the issuance of the refunding bonds, the board shall be authorized to issue refunding bonds of the

district not exceeding the maximum amount set forth in the resolution, payable out of the funds of the district to be provided as prescribed in Section 206.

SEC. 202. The board shall, by order entered in its minutes, prescribe the form of the refunding bonds and of the interest coupons to be attached, and fix the date of the refunding bonds, the date of maturity, and the rate or rates of interest to be paid. The bonds and the interest coupons thereof shall be signed as provided in Article 1 of this part.

SEC. 203. Refunding bonds may be exchanged at par value for any outstanding bonds to be refunded at their par value or less, upon such terms as may be agreed upon by the board and the holders of such bonds, subject to adjustment of accrued interest to the date of exchange. Any moneys required for the adjustment of interest may be paid from any funds of the district.

SEC. 204. In lieu of the exchange for outstanding bonds, the refunding bonds may be sold by the board for cash at not less than par and accrued interest, and the proceeds used for the purchase or retirement of the outstanding bonds upon terms agreed upon by the board and the holders of the bonds, but not to exceed par and accrued interest.

SEC. 216. The complaint shall set forth:

(a) That on a specified date, bonds of the district were authorized by the board to be issued and sold.

SEC. 217. The summons in the proceeding shall be in such form as the court may direct and shall be served by publishing a copy thereof once a week for four weeks in some newspaper of general circulation published in the county.

SEC. 218. Within 30 days after the last publication is completed and proof of publication has been filed with the court, any person interested may appear and answer the complaint. The answer shall set forth the facts relied upon to show the invalidity of the bonds.

SEC. 219. If no answer is filed within the time, the court shall render judgment decreeing the validity of the district and of the bonds. If an answer is filed the court shall proceed as in other civil cases.

SEC. 220. The proceeding is in rem and the judgment rendered shall be conclusive against all persons and against the State of California.

### PART 8. CHANGES IN ORGANIZATION

#### Article 1. Inclusion

SEC. 230. Any portion or portions of territory, whether contiguous to each other or to a district or not, and not included in a district, may be added to any district as prescribed in this chapter.

SEC. 231. Territory not contiguous with the district may be annexed to the district if the board determines that the electric power transmission and distribution lines may be efficiently and economically extended to the territory from the existing district distribution system. No parcel of noncontiguous territory which contains less than 10 privately owned acres may be annexed to any district.

SEC. 232. The holders of title, or evidence of title, to one-half or more of the land sought to be added may file with the board a petition in writing praying that the land be added to the district.

SEC. 233. The county assessment roll last equalized at the time the petition is filed, shall be conclusive evidence as to the holders of title, or evidence of title, to the land.

SEC. 234. The petition, which may consist of any number of separate instruments, shall set forth and describe the boundaries of the proposed addition, and pray that the land within the boundaries be added to the district. It shall also contain a general description of the improvements necessary for extending the existing power distribution and transmission system of the district.

SEC. 235. A certificate of acknowledgment taken before a notary public or justice of the peace of any state, or an affidavit by any person in the presence of whom the petition was signed, is sufficient evidence of the genuineness of the signatures, and the fact of place of residence of each petitioner.

SEC. 236. No defect in the contents of the petition or in the notice, or publication of the notice, shall vitiate any proceedings, if the petition has a sufficient number of qualified signatures attached thereto.

SEC. 237. Upon the filing of the petition, the board shall set a time for the hearing thereof, which shall be not less than 15 and not more than 30 days from the date the petition is filed.

SEC. 238. Notice of the filing of the petition shall be given by the secretary by publishing at least once a week, for at least two weeks, in a newspaper printed, published and circulated in the district and in the territory sought to be added, a notice that the petition has been filed, giving the time set for the hearing, and that the petition, together with all written protests filed with the secretary prior to the time set for the hearing, will be heard and passed upon at that time, and that all persons interested may then appear and be heard.

SEC. 239. The notice shall also contain the text of the petition, but not more than five of the signers' names need be published if the total number of names is stated.

SEC. 240. At the time fixed for the hearing the board shall hear the petition, together with the written protests which have been filed by or on behalf of the owners of taxable property situated within the district, or within the proposed addition thereto, and may adjourn the hearing from time to time, not exceeding four weeks in all.

SEC. 241. At the hearing the board may make such changes in the proposed boundaries of the territory sought to be added as may be advisable, but the board shall not modify the boundaries so as to exclude any territory which in its opinion will be benefited by being added to the district.

SEC. 242. Upon the hearing the board shall find as to the sufficiency of the petition, as to whether the addition to the district of the land as described in the petition, or as the boundaries have been modified, will be for the best interests of the district, and its decision shall be final and conclusive.

SEC. 243. If the board finds that the addition to the district of the lands as described in the petition, or as the boundaries have been modified, will not be for the best interests of the district, it shall reject the petition.

SEC. 244. At the expiration of the time at which protests may be filed, if none be filed, or if protests be filed and after hearing be denied, then the board shall be deemed to have acquired jurisdiction to further proceed, and the board may grant the petition, in whole or in part, and shall fix the boundaries of the territory sought to be added.

SEC. 245. After having acquired jurisdiction to proceed, the board shall, by resolution, provide for and order the holding of a special election in the district and in the proposed addition, to determine whether or not the territory in the proposed addition shall be added to the district.

SEC. 246. At the election the proposition to be submitted shall be: "Shall the territory described in the resolution of the board \_\_\_\_\_, adopted on the \_\_\_\_\_ day of \_\_\_\_\_, 19\_\_\_\_, be added to \_\_\_\_\_ Rural Power District?"

SEC. 247. For the purposes of the election, the board, in its resolution or ordinance, shall establish one or more precincts within the boundaries of the district, and one or more precincts within the boundaries of the territory sought to be added, designate a polling place, and appoint one inspector, one judge and one clerk for each precinct.

SEC. 248. In all particulars not recited in this act, or in the resolution or ordinance, the election shall be held as provided by law for holding general elections in the principal county of the district.

SEC. 249. The resolution or ordinance ordering the holding of the election shall, prior to the date set for the election, be published five times in a daily, or twice in a weekly or semiweekly newspaper of general circulation, printed and published in the district and in the territory sought to be added and designated by the board for that purpose. No other notice of election need be given.

SEC. 250. If at the election a majority of the votes cast in the district then existing and a majority of the votes cast in the territory sought to be added are in favor of the addition, the board shall enter an order to that effect upon its minutes declaring the territory added to the district, and from and after the date of the order, the territory shall be deemed added to and shall form a part of the district, subject to all the rights, privileges, powers and responsibilities set forth in this act and necessarily incident thereto.

## Article 2. Exclusion

Any tract of land included within any district and not substantially and directly benefited by being in the district, or by its continued inclusion therein, may be excluded from the district by order of the board upon the verified petition of the owners of taxable property which has an assessed value in excess of one-half of the assessed value of all the privately owned taxable property in the tract proposed to be excluded.

Any unconsumed balance of the deposit shall be returned to the depositor.

SEC. 263. The secretary shall call a meeting of the board at a time not less than 25 days nor more than 50 days after the filing of the petition and publish a notice of the filing of the petition for at least two weeks in some newspaper of general circulation within the district, if there is one, and if not, in some newspaper of general circulation published in the district.

(a) The board determines that the area will not be substantially and directly benefited by its continued inclusion in the district.

(b) The board determines the exclusion to be for the best interests of the district.

SEC. 269. The exclusion order shall specifically describe the area excluded.

SEC. 270. After the making of the exclusion order the area described is excluded from the district.

SEC. 271. The exclusion order shall not invalidate in any manner any taxes or assessments theretofore levied or assessed against the property within the area excluded.

SEC. 272. A copy of the exclusion order, certified to by the secretary shall be recorded in the office of the county recorder of the principal county of the district and the county or counties within which the area excluded is situated, and the record is prima facie evidence of the exclusion from the district of the area described in the order.

SEC. 273. A finding by the board in the exclusion order in favor of the genuineness and sufficiency of the petition for exclusion and notice of hearing of it is conclusive against all persons except the State upon suit by the Attorney General commenced within six months after the adoption of the order excluding the area from the district.

SEC. 274. The board may by resolution initiate proceedings to exclude an area from the district if the board determines either :

(a) That the exclusion will be for the best interests of the district.

(b) That the area to be excluded is not substantially and directly benefited by continued inclusion in the district.

SEC. 275. The resolution of intention to exclude an area shall :

SEC. 287. At the time appointed for the hearing, or at any time to which it may be adjourned, the board shall hear and pass upon the petition.

SEC. 288. The board may grant or deny the petition and its decision shall be final and conclusive.

SEC. 289. If the petition is granted, the board shall, by ordinance or resolution, order the dissolution of the district, and the district shall thereby be dissolved.

SEC. 290. If at the time of the dissolution of the district there is any outstanding bonded or other indebtedness of the district, then taxes for its payment shall be levied and collected the same as if the district had not been dissolved.

SEC. 291. The board may, upon the dissolution of the district, convey all or any portion of the property of the dissolved district, and all or any portion of the property which was acquired for the district, to the respective counties within which such property is located. #### Recommendation of the Governor

In accordance with Article IV, Section 34, of the Constitution, the Governor presented the following communication recommending the consideration of Senate Bill No. 204:

STATE OF CALIFORNIA, GOVERNOR'S OFFICE  
SACRAMENTO, April 29, 1953

To the Honorable Members of the Senate  
Sacramento, California

GENTLEMEN:

**Senate Bill No. 204**, "An act to add Section 37 to an act entitled 'An act making an appropriation for allocation to cities, counties, and cities and counties, to develop a postwar public works program comprising the preparation of surveys and plans and specifications for proposed public works and the acquisition of rights of way and sites for major streets, roads, bridges, sewerage and other public facilities, and providing the procedure for making such allocations,' approved June 20, 1944, relating to postwar public works programs, making an appropriation to be allocated to cities incorporated on or after September 5, 1952, and before December 2, 1952, and declaring the urgency thereof, to take effect immediately."

in my opinion constitutes an emergency bill within the meaning of that term as used in Section 34 of Article IV of the Constitution of the State of California, the consideration of which should not await the final enactment of the Budget Bill.

This bill appropriates \$26,000 from the Postwar Unemployment and Construction Fund to be allocated to cities recently incorporated, for the purpose of defraying the State's share of the cost of plans, sites and rights of way under Chapter 47, Statutes 1944. It carries an urgency clause reciting that these newly incorporated cities would be benefitted by this act as they are in urgent need of public health and sanitation facilities.

Under the circumstances I suggest that the Legislature might well consider Senate Bill No. 204 before final enactment of the Budget Bill.

Respectfully submitted,

EARL WARREN, Governor
